A message from Reverend Janice Hope Gorman:

“New Year...New Beginnings...New Connections”

Dear Friends,

With new ways of being now, we are so very connected that we create for each other! This is because we are now beginning to connect to the very new and beautiful agape love grid!

Recently, my husband and I re-connected with a group of old friends from a program called “Beginning Experience”. And I know that this re-connection happened because it was time and the Universe is giving us opportunities to become inspired to come into community. When we connected it was like we never were apart from each other. We all felt invigorated and revived. A priest was with us and he invited us to continue meeting at his place so we immediately set up a date to meet again.

Paul and I talked that night and we asked each other what we thought this wonderful feeling that we had with this group was all about. We both agreed to name it “unconditional emotions” that came from all of us even though we had not been with each other for years and years. We defined it as emotions which are free of all judgments or strongly held opinions. The giver of unconditional emotions just loves, accepts and/or forgives without conditions, rules or limitations. No one asked us “Why haven’t you called me in all these years?” No one felt bad or sad because we hadn’t connected — we were just right there in the moment loving each other. Unconditional emotions hold a neutral charge in that they are beyond polarity. There was no good or bad, dark or light, love or fear, as extremes are to merge now into the ONENESS of what IS.

As I recently sat in prayer I had the experience of knowing that these “unconditional emotions” are part of the ascension process. And you can immediately sense and know who is ascending past the polarity extremes by the way they talk and respond to you. When we connect to others now who are connected to this agape love grid they are not looking at past happenings but are in the moment

with their heart just filled with love. Many are still in duality consciousness and this is causing them to lower their frequency.

Now is the time to lighten up and choose to connect to this wonderful grid of LOVE and move into Christ Consciousness or Oneness Consciousness. It is time now to create the new reality, which consists of a higher vibrating dimension. It is here that disease cannot exist, that aging slows down, and we as a collective vibration of ONENESS can create anything that our hearts desire! We can no longer go it alone and stay in our personal sanctuaries. When we do we will feel conditional emotions, which lead to feelings of emptiness, tiredness and perhaps even depression. This is the ego at play helping you fall asleep at the wheel of your life!

This New Year gives us an opportunity to be in this NOW and in LOVE in an unconditional way. This year gives us an opportunity to come into community to connect with each other so that we can help each other stay in a higher vibrational space at all times. This is what we are creating at the Hope Interfaith Center — a place where people come to stay in a higher vibrating energy field of ONENESS. Everything is indicating that it is time to assist each other and it will become paramount over these next few years, as we get closer to 2012. We all have so much to offer each other as we come together. We are all talented in different areas so that when we join together in unconditional emotions our energy immediately rises, we fill up, we lighten up, and we very naturally go into heightened states of being that exist in a higher vibrating dimension.

I know that it is difficult to understand the different dimensions so I offer this short teaching that perhaps will help: In your three dimensional world, spectrums are “separated” into extremes and illusions. For example, the spectrum of emotion is separated into “Love and Fear.” And your reality is split into “you and me.” This is also the reality of the fourth dimension because there are those who

continued on page 2

continued from page 1

would still hurt others, no matter what the cost to themselves. Look at our wars! The cost is high and yet we continue to feed into fear of being taken over by others. In the fourth dimensional world people are still in this vibration, which means their thoughts and emotions and actions are separate from LOVE. They have forgotten that they are LOVE.

A fifth dimensional matrix person maintains thoughts of Unity and ONENESS, emotions of unconditional love, unconditional acceptance, and unconditional forgiveness. A fifth dimensional matrix person is preparing for their planetary ascension.

This is going to be a wonderful year of changes and we are being asked to raise our frequency and become a fifth dimensional matrix person. I invite all of you to continue to come to the Hope Interfaith Center this year to join in activities that are designed to help you with your vibration. And, I encourage all of you to invite someone to join you at the Hope Interfaith Center! For just like the song goes, this is "The Age of Aquarius!"

With Pure Heart,
Hope

Full Moon Groups

A personal invitation to gather in group!

Those in training in the mystery schools were taught to use two phases of the moon to help them bring the inner world and outer world together: the new moon for new beginnings, and the full moon to appraise our progress.

Moon Groups are a wonderful time of ritual, prayer, and enjoying the knowledge and wisdom that comes when people gather together and share as a family of Light. Events are child-friendly and held at the Hope Interfaith Center unless otherwise noted. **Please RSVP by calling 507-386-1242 three days prior.**

Thursday, January 28 • 7:00 p.m.

Hope Interfaith Center

Embraced by the Light

(a near-death experience)

Come for an insightful and spirit filled evening. In Jill's own words – "Six years ago, one week before my 40th birthday, I had a freak accident resulting in the loss of nearly 100% of my blood volume. It took two hours and two hospital transfers before surgeons were able to find the source of the bleeding and stabilize me. There are no words to accurately describe what I experienced during those precarious hours of near death, but I can say this...I felt more alive that day while I was dying than I had ever felt while I was living! I will do my best to share this transformative experience, and the days, months and years that have followed, and how my yoga practice has served as an intuitive tool to recapture the glorious expansiveness that I experienced that day."

Jill lives in New Ulm with her husband and 3 daughters. She owns three Anytime Fitness centers and teaches yoga in her studio in New Ulm.

"Behold, I make all things new!"

Revelation 21:5

The Ancient Mysteries call forth a return to Nature's rhythms on an intuitive level. Spirit and Nature in Harmony! The earth seasons are designed to promote specific evolutionary needs.

The autumn is the seed planting time; winter is the gestation of the seed and the taking root. The spring is the bursting forth of those new seeds to release new aspiring life to be harvested in the summer. The Spring equinox opens the veil between the physical

and the spiritual so that a resurrection in our lives can be inaugurated. The keynote of this season is creation. It is the drive to move our lives upward, like a seed pushing forth out of the earth into the air. The Spring is the time when the creative powers we have been nurturing through the winter can be expressed to initiate a new world of opportunities for ourselves and the world.

We hope you will be able to join us for this special and powerful evening!

*If you do not hope, you will not find
what is beyond your hopes.*

Accelerated Time CDs

2010 Monthly Teaching CD series:
The Shifting Years mean to Shift Gears!

If you are ready to learn and practice ONENESS these are the CDs for you. When we realize that the outer world is a mirror of the inner world, when we see no real separation between inner and outer then we can begin to join together in creative and innovative ways to build the new world.

For the past few millennia, humanity has been exposed to so much fear and judgment. Some teachings in our religions have been an agent of social control and conformity. Crazy beliefs about separation from our God-Self locked us away from our truth and the ascension process.

The great awakening is about shifting into a mature cosmology in which we are not broken anymore in search of redemption. Instead, we are divine and creative beings in human form. We are sparks of God in conscious evolution. Within this new cosmology, the Universe is an interconnected web of energy-consciousness. It is consciousness that determines the collapse of quantum wave functions, which essentially means that it is our thoughts and emotions that control what happens in our lives.

These CDs will introduce you to exercises and information that will help you on your ascension path. They will also help you to discover a Universe in which love is so unconditional that it says "YES" to any desire, thought or feeling we have. No questions asked! So, during these times of shifting years you might be interested in how to shift your gears. Working with these CDs will help you, encourage you and support you in your journey of remembrance and ascension.

Last year's CDs were received by people throughout the United States. We received great feedback from many. It is not only the messages that are important in these CDs but it is also the energy that is transferred through the words. If you are interested in signing up for this year's mailings please contact Penny at the Hope Interfaith Center. The CDs are completed by the 22nd of every month.

There are three ways to donate. You can contribute \$108 for the whole year, donate quarterly which would be \$27 or you can send your donation monthly. We want to make this as easy as we can for all of you. It has been an honor to come into your lives, sending you information about the ascension process and these accelerated times.

Accelerated Time Integration Class **March 13 • 10:00 a.m. to noon**

This is the first integration class of this year and is open to anyone who has been receiving the monthly teaching CDs on Accelerated Time from the Hope Interfaith Center. The integration classes this year will focus on our intuitive skills and opening our heart centers. The other two dates for class are tentatively set for July 17 and October 16.

An Invitation...

from Reverend Ursula Clara Christ

The beginning of the year hallmarks a time to make room for spiritual movement within our lives. I will be opening my life and spiritual teachings to those who may be interested in focusing on movement and growth from spiritual interception. Guided teachings will be the main focus of the insights I give and I will lead these sessions within the ability I have to communicate with Spirit and channeling that intelligence through. The main topics of discussion will be life journeys and the prospects for lifting higher the wisdom we all carry about ourselves, as well as methods to revitalize and improve your own communications from the spirit of God within. I have been working with individuals and groups for several years and I am excited to bring my services to the HIC community!

So, I invite you to join me on Monday, January 18th, at 7:00 p.m. at HIC for a group discussion/channeled spiritual teaching. This is offered to anyone who wishes to come and listen, ask questions and discuss topics pertaining to life and how we connect to our Spirit. This will be open for anyone who wishes to attend. A \$5 Love donation will be asked.

Starting in February I will be offering private individual or private group appointments at Hope Interfaith Center. Time can be scheduled for Monday afternoons or evenings. These sessions are based on the individual's or small group's need that may include advising on specific issues or understanding connection-based teachings. A \$30 love donation will be asked.

To make an appointment with me, please call me at 612-964-9094 or email me at ursichrist@yahoo.com.

I look forward to sharing time with you,
Rev. Ursula

Journey of Joy!

A Reunion and an Invitation to all...

Saturday, February 13 • 11:00 a.m. to 1:00 p.m.

Hope Interfaith Center
facilitated by Reverend Hope

Come join us for our Journey of Joy reunion! Share your memories of Mexico's turquoise waters and white sand shores. Let us talk and share about the sun and relaxation as well as our experiences of ancient ruins and historic sights. Let us reminisce about evenings where we gathered outside our villa under pitch-black skies sparkling with stars. What a wonderful journey it was!

We would also like to invite anyone who might be interested in our next trip which is planned for February of 2011. One spot that has been talked about is Hawaii. Can you imagine picking your own pineapple at Kapalua Farms in Western Maui and sitting up front at a hula contest? Or hiking to hidden waterfalls and be wowed by active volcanoes and otherworldly landscapes? Use your active imagination and notice if the desire to swim with the dolphins, watch the humpback whales, and snorkel with the giant green turtles calls to you. And, of course, find the perfect beach, whether you are dreaming of epic surf swells or romantic sunsets. These and many other ways of experiencing Hawaii will be discussed.

Fruit smoothies will be served!

2009 Year-End Thank You

Dear, dear HIC Community,

Words cannot express the deep thanks that comes from the Center to all who have so faithfully served, in many capacities, during this past year. Many times you only see Hope or Penny day to day in the Center, but it takes many to do the work of Hope Interfaith Center! We will attempt to name them all, knowing that inadvertently we may miss someone. A humble apology if that happens!

To Joni Rae O'Connell, our Chief Financial Officer, who keeps all those wheels turning so that we can carry out the mission that we are all so passionate about! We don't know what we would do without you.

To the Center Steward MaryAnn Morningstar, who is the angel who keeps the Center beautiful and clean (not an easy task with so many coming and going)! Thank you for the order and peace you bring into HIC.

To Amy Kortuem, who puts together this quarterly newsletter! Many times we are crunching to the very end of the deadline and she is always up for the challenge.

To Cheryl Jurcoi, our webmaster, who gives her artistry and computer knowledge to the HIC website, which continues to be 'new and improved.' Thank you!

To the Executive Board Members of HIC: We thank them for their time and devotion to HIC. Our current board consists of: Kathy Heine, Ursula Christ, Nancy Besse, Jo Gangestad, Julie Thorleifson, and Kim Stanton. They not only meet often and advise, making large and small decisions pertaining to the Center, but they are called upon to do extra work when it is needed. And, they always say YES! For that, there are no words.

Last, but never least, thank you to THE COMMUNITY of the Hope Interfaith Center. We have reached the one year anniversary of living in our new home, which has been exciting and fulfilling! And we have so very many who volunteer for our fund raisers throughout the year, so many that help keep the facility and yard in tip top shape, so many who help serve Sunday Noon Meals at the Salvation Army. The list could go on and on naming all who give of themselves to HIC and this community. Everyone who comes into these doors or those we meet upon the street and invite to join us, everyone is a vital part of who we are and the work that we strive to do.

As even Cicero once said, so, so many years ago (around 60 BC), "We were born to unite with our fellow men, and to join in community with the human race." That is our goal and this community is what makes that happen! So, to everyone who grants us the presence of their Spirit, or the gifts of their time, talent or money we say a deep and heartfelt "Thank you!"
