*A message from Reverend Janice Hope Gorman:*

## ***“Surrender to the Flow”***

Dear Friends,

Over my many years of working at a core, soul level with individuals and groups and seeking ways to better understand the accelerated inner growth that people are experiencing, I developed a deeper understanding of transformation by a simpler process.

The process is quicker and fluid and organic. We don't need to be in a blur of experiences anymore. Now we can awaken to our truth of who we are and what we are capable of doing with ease and grace.

Watching your frequency, frequency, frequency is the way! You may have had the feeling lately of the new wave of even higher frequency energies that are on our planet. These energies are here to help you access more of your soul. These energies are here to help you awaken, become more conscious and be more proactive. When you are more conscious and proactive, it helps you move through your experiences of confusion more quickly!

I am tired of walking around in a blur. That is like walking around with Vaseline on my lenses! So finding faster and logical stages of your organic true nature can help you make sense of your life and these current events.

You have a choice! We all have a choice! We can either resist the changes or trust that the flow is taking you into a better life. If you slow or try and stop these changes and flow to maintain your old patterns you only stall your growth, reinforce your own fear, and create needless pressure and agitation. If you trust that a higher sanity is directing the flow and you listen to it

and move with it, you will be taken to the sweet spot of your life.

By trusting the flow of change and moving with it, your body and emotions and mind will raise and you will experience the benefits of “good vibrations.” Everything that is happening is the final stages of clearing all that blocks or interferes with your soul's expression and the experience of total bliss and love.

This phase of change will not last forever, thank goodness! We are at the turning point, about halfway out of the second trimester and now entering into the third trimester of this New Birthing process.

This 5th dimension, the next level of awareness that's just beyond you, is making itself known. Some say this is the result of distant cosmic events or a “plasma field” of cosmic energy passing through our part of the Milky Way. Whatever the cause, all I know is that a more spiritual dimension is now beginning to permeate our world.

The Hope Interfaith Center continues to be 100% dedicated to helping with this shift. We have so many opportunities for you! Take advantage of these opportunities to explore, grow and relax — become more proactive in these changing times!

Our doors are always open to new explorers of the Sacred Divinity, which lies within us all! May you have a wonderful summer.

With Pure Heart,  
Hope

## **Appointments for 2011**

We at the Hope Interfaith Center offer genuine hope for humankind as the countdown to 2012 continues. We present ways that we can participate in the shift of human consciousness to help with the oncoming transformation. In September, the books will once again be opened to make 2011 appointments for people who want spiritual direction. Learning how to release the ego will give you dramatic evidence of a web of energy that connects everything in our lives and our world — this is the Divine Matrix. From healing of our bodies to the success of our careers and our relationships, there is evidence that we each hold the power that links us to all creation. What would it mean to discover that the power to create joy, heal suffering and bring peace to that which lives inside of you? How would you live your life knowing this?

This coming year, Hope will again offer private two-hour slots to 20 students. One hour is spent in spiritual direction and reflection and one hour is working on the energy matrix. These are for students who are willing and wanting major mentorship during this time.

Penny continues to meet with those desiring spiritual counseling as well. We understand that Hope is not always available. You may find it helpful to meet with Hope at times and Penny at times. They have been told that their styles offer different ways to look at the same teachings. Reverend Ursula Christ is also available to work with individuals or groups — you may reach her by phoning 612-964-9094. Hope Interfaith Center's intention is to provide guidance and support for all who walk in the door!

This is a time of dramatic rebirth for humanity. As the earth aligns itself, this brings on a time of transformation in which an expanded consciousness creates your new world. **Beginning September 8 , you may call 507-386-1242 to make 2011 appointments.**

## Full Moon Groups

A personal invitation to gather in group!

Those in training in the mystery schools were taught to use two phases of the moon to help them bring the inner world and outer world together: the new moon for new beginnings, and the full moon to appraise our progress.

Moon Groups are a wonderful time of ritual, prayer, and enjoying the knowledge and wisdom that comes when people gather together and share as a family of Light. Events are child-friendly and held at the Hope Interfaith Center unless otherwise noted. **Please RSVP by calling 507-386-1242 three days prior.**

### *July Full Moon*

Wednesday, July 28 • 7:00 p.m.

Hope Interfaith Center

*An Evening of Poetry, Wine and Cheese  
facilitated by Alixa Doom*

As we gather together and share the fruits of the grape (non-alcoholic beverages will also be served) and the textures of the cheese, Alixa Doom will be reading poems from her newly published chapbook, "Cedar Crossings," which was the winner of the 2009 Blue Light Poetry Prize. The poems are written out of 15 years of reverence and awe experienced in nature on nine acres of cedar trees and meadows located near the Minnesota River at Le Sueur. Diane Frank, editor of Blue Light Press, San Francisco, calls the poems "visionary, beautifully written, and a blessing to all who read them."

Alixa began writing poetry in the early 1970s when she studied poetry writing with Michael Dennis Browne at the University of Minnesota. She has published in numerous magazines since that time. Some of her poems have also been published in anthologies. She more recently returned again to her writing following her retirement from the St. Peter Regional Treatment Center. Alixa has been a grateful member of HIC for many years.

Copies of "Cedar Crossings" will also be available for purchase at the reading at HIC.

*There will be no*

**August Full Moon celebration**

HIC will be closed August 21 - September 6

We hope you enjoy some end of summer activities to celebrate this month — build a campfire, harvest your garden and share with a neighbor or shut in, sit by a lake or river with your journal and reflect on your summer months, go to a parade, try a completely new flavor of ice cream on a really hot day!

### *September Full Moon*

**Rite of the Autumnal Equinox**

Thursday, September 23 • 7:00 p.m.

Hope Interfaith Center

Come and join us as we celebrate the wonder and power of the Autumnal Equinox! This day opens the cycle of the Year of the Soul for all who wish to attune to the true Mysteries. With the harvest ending, we are indeed creating a 'New Year' in the cycle of manifestation and we are given the opportunity to plant again with the understanding that what we plant will germinate, take root, sprout and then be harvested, only to begin the cycle again! So, as the sun is shifting with this equinox, let us shift inward, toward the heart, the seat of our Divine, and begin to cleanse and made ready for new birth!

### **The Flow**

*An excerpt from a poem by Paul Klages*

*Reach for the Light that is to be  
beyond all the stars  
Go inside and be all that is true,  
and of promise – see –  
Know that all is all, in all,  
and you are a part of it  
Ask of that which of purity,  
is of the same circle*

*If only you can be in,  
and of all that is around you  
Things will change  
with each thought taking shape  
Vibrating to the rhythm  
of that which is water  
Inside everything and into  
all, is that which flows*

*Open to the flow,  
see its shape surround you, in you  
Its power moves like ripples  
on a mirror of water  
In others is the way  
to see the reflection of true self  
Mirror is a truth  
of all who seek wisdom to fly.*

### **Planet Two – Earth in a Higher Dimension**

Sound intriguing? It's not only interesting, but it's true! This information will be new to you. I have received this information in three ways:

- 1) Through my higher self-channeling
- 2) Through current informational books
- 3) Having the opportunity to sit with Native Elders in dream states

Entering into this dream state I was taken to several places/locations on this planet. First to Sante Fe, New Mexico, then to Chaco Canyon, and then to the Black Hills of South Dakota. In these areas I sat with elders who began to give me teachings and messages about the current events happening on this planet and why they are happening. I come now in humble gratitude to share with you this much needed information and the changes that are occurring.

As we sit together in circle form, our guidance teams will be working with us energetically to help us accomplish integration of our new frequencies with the greatest amount of ease possible. Many of us on this planet are having our frequencies raised to create.... well... like a pathway.... or portal.

The point of these Spiritual Studies is to help us all through this phenomenon of change as smoothly as possible, to give you new and current information, and to help usher in the new grid system that is being create now, even as you read this.

Our vibration is changing rapidly. The vast majority of our inhabitants here have been pushed up more than 13 MHZ a year since we leaped into the 21st century. We are being prepared for the biggest shift in the history of this planet!

Come join me to see how we can come together and prepare. In humble gratitude I thank my Teachers for teaching me.

## ***Leadership Class***

Beginning November 2010  
Hope Interfaith Center

This class is designed to introduce the student to interfaith and an insider’s view of it. Taking these classes can help the student to have an exciting journey of discovery.

The first six months is the discovery of Self. Then you will begin to discover a spiritual fellowship called interfaith which can transform society. The interfaith story is created from every faith, every continent and includes a mix of traditions where there is a sense that God resides in the image of man. Spiritual counseling techniques and the study of energy is included in this class. The Hindu poet Tulsidas wrote:

*Treat all people well  
Perhaps to your surprise,  
The one whom you are meeting  
Is God in some disguise.*

This is a thirteen-month program. We will meet one weekend a month from Friday at 7:00 p.m. until Saturday night around 7:00 p.m. The twenty-four hours will be filled and sometimes intense. This class is for all those who are called to be leaders and ordained interfaith ministers. At the end of the thirteen months you will become ordained and have the legal privileges of such. There are many networks for international interfaith organizations that share this reflection of a friendship of peace that is initiated by an interfaith life.

These classes will begin in the month of November. For more information or for an application for class, please call the Hope interfaith Center at 507-386-1242. Rev. Penny will help you with any questions. **Application deadline is August 20.**

## ***Accelerated Time Integration Class*** **Saturday, July 17 • 10:00 a.m. to noon**

This is the second integration class of this year and is open to anyone who has been receiving the monthly teaching CDs on Accelerated Time from the Hope Interfaith Center. The integration classes this year will focus on our intuitive skills and opening our heart centers. The last meeting of this year will be held on October 16!

***Every single creature is full of God  
and is a book about God.  
Every creature is a word of God.  
If I spent enough time with the  
tiniest creature — even a caterpillar —  
I would never have to prepare a sermon.  
So full of God is every creature.***

~ Meister Eckhart

Circle is an invitation to come and let open the well of inner personal strength to your God-Self or Highest Self within. This is a shared part of us that we all have access to at our core and can provide a stable foundation for finding the way to our best living. The purpose of Circle is to let that spirit lead person you are capable of being shine through more fully. The evenings will be discussion- and experiential-based as Ursula facilitates with the channeling of her higher guidance. Moments of participation are often asked of group members however you are not required to be active.

Divided into two sessions, Circle offers a unique perspective into the long term as we check in a couple months down the road to see where we are (no absolute need to attend both Circle events however). Please join us for these evenings of blossoming inner connection.

### ***Book Reflection***

***“Women, Food and God” by Geneen Roth***

**Saturday, August 14 • 10:00 a.m. to noon**

Hope Interfaith Center

Since adolescence, Geneen Roth has gained and lost more than a thousand pounds. She has been dangerously overweight and dangerously underweight. She has been plagued by feelings of shame and self-hatred and she has felt euphoric after losing a quick few pounds on a fad diet. Then one day, on the verge of suicide, she did something radical: she dropped the struggle, ended the war, stopped trying to fix, deprive, and shame herself. She began trusting her body and questioning her beliefs. This is what worked for her!

Come join me for a cup of tea in the Library for an intimate and holy conversation of freedom! You may attend whether or not you have read this inspirational book.
