~ *A message from Reverend Janice Hope Gorman* ~

## “Resist Not”

Dear Friends,

I recently had a break-down, but not the kind that many would call mental illness. I had a break-down of my old operating system and my old belief system!

On April 20 at 9:00 a.m. during an Easter Holy Week teaching session with a student, I heard the voice of Jesus Christ say to me “*Resist not.*” He continued to tell me to break down everything except the recognition of the ONE Perfect Power that exists. Break down the walls of duality and see your perfection NOW. Come demonstrate, without “Resistance”, the One true perfect power, which is not contingent upon any person, place, condition, time of year, or anything but itself.

A demonstration is made when you allow the Truth of the ONE speak, and this is what I heard: “*Beloved Beings of Perfection, your words are now establishing your forever. See this — feel this — know this. You are now encompassed by perfect life, by infinite activity, by all power, by all guidance. This Power is the power of your perfect Spirit, which is supplying you at all times. This is what was meant when Jesus said ‘Fear not I go before you always. Come follow me and I will take you home.’ Come follow your perfect spirit — which will lead you to the land of milk and honey. Your Spirit is filling you now with life and love, and if you follow your spirit you will find yourself in the Sweet Land during these days of the great change.*”

As you read these words, your old operating system of thoughts are very subtle, and sometimes when you are hearing words of your perfection, an argument will rise up against it. Stop at once and meet those arguments. Refuse to accept them with your greater Intelligence of the Universal Mind. The Power of the Infinite is who you are. The only thing that can hinder this truth that wants to work right through you is the choice of unbelief. Do not hinder or limit the Holy ONE who longs to work right through you. “Resist not” — the Power of the Infinite is who YOU are.

Here is a good meditation for this truth and opportunity to come to you during this next three months. Please say this every day, once a day, and see what happens! This will provide a solid foundation of synergistic words of wisdom to come together in Unity Consciousness. “Resist Not”:

“OH Mighty ONE, my opportunities are unlimited. The Divine surges in and through me now. It permeates me; it fills me, and all people. I am now ready to express myself. My affairs are in the hands of the Divine. I allow the Divine Spirit of my perfect ONENESS to handle all of my affairs and decisions during this time of the Great Shift. My choices are now made visible with the best ways, methods and means for my greater expression. My thoughts open all doors for me now, which is my Key to life. I am one with Infinity, I am one with the Divine, I am one with the Universe. Today, I surrender. I am the instrument through which life flows. Blessed Be!”

I look forward to seeing you at any or all events during this quarter at HIC!

With Pure Heart,  
Hope

### *To my beloved community,*

Say Hello to change! We are now passing through a gateway in our psycho-spiritual development. We are witnessing, participating in and experiencing the disintegration and reintegration of the socio-economic and philosophical matrix of our planet system. We are becoming increasingly aware that we are co-creators of our own destiny.

Our future at the Hope Interfaith Center is being created NOW through the choices we are all making. The Center in all of these changes remains strong and steadfast in its mission to educate ourselves and others regarding the profound energetic transformation that is happening in our world today. We will be saying hello to a new bookkeeper very soon and I will keep you posted. As we continue to grow as a community the Hope Interfaith Center will provide invaluable insights and practical material regarding 2012 and the Ascension process.

A NEW CONSCIOUSNESS IS COMING!  
Love, Hope

## ~ NEW Moon Groups ~

**A PERSONAL INVITATION TO GATHER  
AT THE TIME WHEN THE MOON  
HAS THE POWER TO MANIFEST!**

*Change is upon us!  
Take a look at our new moon groups!*

(Please note: due to the July 4th holiday weekend,  
there will be no New Moon Gathering in July.)

The new moon is the birthing cycle of the moon's various phases. The new moon phase is an OPTIMAL time for planning and seeding your intentions that you want to grow. The power of new frequencies is upon us and so the change to monthly New Moon gatherings is very important. Seedlings need a period of gestation before they break through the soil and reach for the sunlight this is the reason why we meet in the evenings. The dark side of the moon, with its mysterious unseen forces offers a nurturing environment where our intentions can establish roots before their miraculous manifestations begins to sprout and reach out to the stars.

Exciting speakers will come to HIC during the New Moons to plant new ideas and give you new information, which will help us on our journey into 2012. They will share their varied journeys, their adventures from different parts of our planet, their passions and talents. Come and give them a wonderful welcome as you receive seeds of information.

Please join us during these new moons as we create a NEW WORLD.

Please RSVP at least one week before the gatherings, which will be held at HIC unless otherwise noted. (Please note: due to the July 4th holiday weekend, there will be no New Moon Gathering in July.)

*Rite of the Autumnal Equinox*

Come and join us as we celebrate the wonder and power of the Autumnal Equinox! Since the equinox begins at 4:04 a.m. this year, we will meet the evening before to prepare for this next quarter. The autumnal equinox opens the cycle of the Year of the Soul for all who wish to attune to the true Mysteries. With the harvest ending, we are indeed creating a 'New Year' in the cycle of manifestation and we are given the opportunity to plant again with the understanding that what we plant will germinate, take root, sprout and then be harvested, only to begin the cycle again! So, as the sun is shifting with this equinox, let us shift inward, toward the heart, the seat of our Divine, and begin to cleanse and made ready for new birth!

#### **Are you ready to fully awaken from the dream?**

Ready or not, you are waking up! The journey of many millennia is about to expand into infinite expressions, and you can be part of the solution if you like. Choice is a gift, and this is a time of great decisions. Every day you must make countless choices. This powerful energetic tool that we call choice is the natural evolution of free will. All these life choices that you have made so far pale in comparison to the choice that is upon you now.

During each Spiritual Studies class in this quarter we will use as a circle of information and meditation to reach higher levels of consciousness. With each class you will leave with an exercise that presents and illustrates a straightforward process that will open you up to your own divine portal of Oneness connection.

As many of you know, I have been working on the scene of the Consciousness Movement since I have been a young girl. I am now told to help people to prepare for Ascension. These groups will be dedicated and designed to embody the energies of total LOVE. Please RSVP for these groups.

### ***“The Power of Group Energy Work”***

- To develop awareness of group gifts from the Masters.
- To serve as a body of the God/Goddess Consciousness.
- To learn how to hold High Frequency in times of change.
- To better understand the Law of Attraction.
- To understand the Split in Realities that is happening now.
- To actively begin remembering your Origins.
- To develop powerful integration tools of the Ascension Energies.

The DNA Codes of Light are activating and propelling us forward to actualize the conscious experience as one Solar Body of Omnipresence. Our personalities are temporary and our emotions, our minds and our bodies are simply instruments to be used by Essence.

It is time to remember our origins from the stars and that we come from Eternal Light. We will help you remember that you do not have to strive to evolve. We are already evolved. We are pure and holy by our own true natures. We are preparing for the birth of a new star and its avatar race.

Come and learn about energy and how to hold a high frequency during this time of the great shift. We will be teaching from both our experiences and the books “Frequency” by Penny Peirce, “The Vortex “ by Jerry and Ester Hicks, and “2012 Awakening” by Sri Ram Kaa and Kira Raa.

Christina Rose is multi-dimensional being who has worked for more than 40 years preparing both humanity and Gaia for the transition of consciousness that is occurring this year and next. She has experienced sacred sites on six continents and worked with the Masters of Light, the spacial beings from many parts of our universe that are supporting humanity's evolution (both carnate and incarnate), as well as the angelic and element beings. She will join us here at the HIC via Skype from Northern California during these sessions. What an opportunity to have during this time!

### ***Qissage Class - Spring Forest Qigong***

**August 1 • 9:30 a.m. to 2:00 p.m.**

Hope Interfaith Center  
*facilitated by Mary Zelmer*  
(Cost: \$65 / Retake Fee: \$40)

This is a fun class and a “hands on” experience. Bring a friend! Prior Qigong experience is not necessary. Qissage is used to activate the flow of energy throughout the body to promote healing. Key energy points on the body are stimulated in a specific order with a gentle touch, to open energy channels and restore the flow of energy to the body’s, organs, muscles and nervous system. Anyone can learn it and it is a wonderful gift to share with yourself or loved ones: it helps with headaches, digestion, heart, lung and liver issues, memory and fear, and relaxes and vitalizes the body. You will love it and your friends will too.

Mary Zelmer is the facilitator; she is a certified Spring Forest Qigong instructor in three Spring Forest Qigong disciplines, including Level One for Health, Level Two for Healing and Qissage. Mary enjoys working with individuals and groups. To register: email Mary Zelmer at: mzelmerqigong@aol.com or call 952-215-2027.

### ***“KUNDALINI” Documentary Screening and Talk by Filmmaker Nitin S. Adsul***

**Saturday, September 17 • 9:00 a.m. to 12:00 p.m.**

Hope Interfaith Center  
*(a love donation will be accepted)*

It is self evident that all humans are created equal, yet some perform extraordinary achievements and others live a life of emptiness never reaching their full potential. There is a force that everyone is entitled to, that can bring the fulfillment his or her lives desire. All humans have this powerful resource available within them called “Kundalini”, which is an energy that lies dormant most of the time at the base of the spine. Activating and awakening this force leads to a higher consciousness and true nature of a person bringing peace and harmony in life. Kundalini is the source of power that the world’s most beloved artists, composers, poets and writers may have tapped into. However, this untapped powerful resource available for centuries within every human body is still unexplained, mysterious and kept secret till today. We invite you to join filmmaker Nitin S. Adsul. He will talk on his own experiences with this energy, the many pitfalls and challenges during the process of unlocking this powerful resource. He will explain the phenomenon of unlocking this energy, the symptoms of activation, and principals of safeties to be followed during the activation. Please RSVP by Tuesday, September 13.

## ***To Heal Thy Health***

**Thursday, September 29 • 7:00 p.m.**

Hope Interfaith Center

*facilitated by Rev. Carol Ann Parsley and*

*guest speaker Jan Taplin with Chrysalis Chiropractic*

*(suggested love donation: \$5.00)*

Jan Taplin grew up suffering with headaches. She had trouble concentrating in school, and got average grades as a result. She grew up thinking she was not smart because she never got on the honor roll. She enjoyed art, so chose to major in Art when she went to college at age 18. The headaches became migraines which were so severe, that she was contemplating ending her life.

She had seen a chiropractor during high school for her headaches, so she decided to try a chiropractor where she was attending college. She learned from the chiropractor that the body has the ability to heal itself, but sometimes gets stuck, and causes stress on the nervous system.

The chiropractor made adjustments and eventually, Jan was headache free. Not only was she headache free, but she also felt healthier than she had in years. Her housemates would get the flu, sore throats, colds, but Jan was symptom free; all because her nervous system was functioning at its full potential, thus allowing her immune system to function at its full potential.

Jan will share her journey and her story with all who attend. This presentation will discuss ways to find peace and harmony, which results in optimal health.

*...MESSAGES FROM HOPE...*

*Appointments for 2012*

Over the many years it has been an honor to help many people prepare for the shift. I have taught you many things and shared many prophecies, many of which have come true and some of which are yet to come. We have been given prophecy at this time in history because it is very important for our personal evolution here on earth. What prophecies do: they point out possibilities and energetic potentials. Prophecies are only given to Humans to help them understand that energetic change is on its way, which means many changes have taken place in our world and will continue to do so and these changes give us all an opportunity to become fully awakened.

Nostradamus.....Biblical revelations....Hopi prophecy..... the end of the Kali Yuga.....the Mayan calendar — the range of prophetic information about this very moment in our collective history is extensive. Most likely you are familiar with at least one if not all of the above-mentioned, and many other widely circulated information about how important these days are. This moment of time is a journey that you decided to participate in a long time ago, or you wouldn't be on this planet at this time. Perhaps you are one of the many who, since birth, have always had a feeling or knowing about our world and its immediate future. There is great strength in the recognition that everything in our world is rapidly escalating to a heightened sense of presence that pervades our lives at this time. We can all agree that our world cannot go on the way things are.

My teachings have taught you that love is the strongest force in the universe, and that love, when embraced for the joy that it is, will nurture all. Know if you are reading this, that perhaps you are being called to make appointments with me for next year. Although I would tell you to test everything I say through your own discernment.

It is important to trust your instincts in this coming year of 2012. It is my hope to inspire us all to align our lives to our own authentic knowing and discover that we are indeed Divine Co-creators. At the Hope Interfaith Center we remind you that you are accessible to inner wisdom that will help you find your way through the challenges ahead.

So, if you have been looking for a Spiritual teacher who has integrity and abilities to access information from the Matrix of the golden web that we are all a part of, perhaps this is the year to connect with me on a regular basis. Each appointment will give you information and guidance and perhaps different exercises or suggestions to help you raise your full potential of what I call now your brain body.

More people than ever before have a conscious understanding of the Law of Attraction and know the spiritual energy can affect our physical world. For just a moment take what you are reading into prayer and consider the extraordinary opportunity that this time offers in having a Spiritual teacher. This is the time where we are being presented facts about our world that are giving us an opportunity to finally and completely wake up from complicity in all of its forms and this is cause for true celebration!

There will also be limited openings for two -hour appointments. The first hour is a teaching session followed by an hour on the healing table invoking the Angel Cornucopia to help us reach our full brain body potential. We are never without power to invoke positive maximum change in our lives as well as in the world. These appointments are for those who are preparing for their ascension and are dedicated to planetary lightwork as well as for personal change. These appointments are powerful and one should know that they are not to be taken lightly.

As always, I am dedicated to helping anyone who would like to reduce conflict and to create peace and tranquility in their lives and in the lives of others. We reduce conflict when we let go of the ego and remember who we are.

Love, Hope

**Beginning September 6, you may call 507-386-1242 to make 2012 appointments with Hope.**

## *Goodbye, Joni!*

I would like to say goodbye to my friend and bookkeeper, Ms. Joni O'Connell, as she will be leaving the bookkeeping position at the Hope Interfaith Center this summer.

When one feels an internal shift, a new chapter of one's life begins. We are all aware of the cosmic shifts of change and once again this change is happening at HIC. I want to thank you, Joni, for the journey that we have shared from the very beginning of this center. I have enjoyed our time together as we worked to create a place where people could come and call HIC their spiritual home. It has been filled with experiences I didn't even know existed! You have been the person who has been in charge of keeping the books and dealing with the bank and all that goes with a nonprofit center – this is a position that no one truly understands within a community for it is a foundational, 'quiet' kind of job.

You have been a constant source of believing in the HIC mission and believing in ME and for this I will always be eternally thankful. You have helped me be free to do my work at the center, which is to create new programs and help more people. Without your help we could never have moved to 114 Pohl Rd! This inner freedom allowed me to move on to my new and deeper levels of work with Spirit. I could not have done it without you!

Now my wish for you is freedom to move to your next level and to create the next chapter of your life! This is a time when we are all reviewing our journals and re-entering goals, dreams and wishes that are filled with much more peace and serenity. You have many choices in front of you, my friend. My prayer is that you spend time nurturing yourself and experiment this Summer until you find the right combination that works just for you!

You have served this center very well. So blessings, my friend, as you travel on.

Love, Mother Hope

*HIC Community, I invite you to send Ms. Joni O'Connell a thank you card of blessing for all of the work she has done behind the scenes for the Hope Interfaith Center! Please send cards to:*

## *What is a Love Donation?*

Recently, one of our community members asked: "What does Love Donation mean?" I was surprised by the question! Having been a non-profit for over 6 years, I assumed that all who were associated with Hope Interfaith Center knew what those words meant.

So, a new opportunity is before me to share what those words mean to me. As a not for profit Center, HIC is not able to charge for any services or events. We are sustained purely by donations (which are tax deductible) and grants. That being said, many people still want to know what to give. And so the term 'love donation' came to be used to let our community know what would be appreciated. The word 'love' is placed before the word donation because the vibration of that word is of utmost importance in the work that HIC does! In the newsletter or in the weekly emails pertaining to our calendar events, you will see suggested amounts. For counseling sessions with me, \$50 is suggested — a bit more if it is a long distance call and CD mailing is involved. Sometimes for other gatherings, there will be a suggestion of a differing amount, depending on what is involved. Of course, nothing is EXPECTED, for our mission is to serve those who walk into this temple on the hill. But all is APPRECIATED, deeply and fully! We would not be here, doing this wonderful work, if it weren't for you!

Love and Light, Hope

### ***THANK YOU!***

#### ***Hearty thanks to all who helped at HIC last quarter!***

*We want to thank Paul Gorman, Scott Tower and Bob Dickhudt for removing the big brush pile from our parking lot! Thank you to Andrew Cummings for always lending a helping hand when we have been in need for a volunteer, no matter what the call! Our hearts also want to thank Mark Parsley for fixing the upstairs faucet in the bathroom! We are so grateful for all who volunteered food and/or helped serve the Sunday Noon Meal at the Salvation Army on May Day: Kim, Andrew, and Austin Cummings, Brad Bass, Paul and Janice Gorman, Klea Brewton-Fitzgerald, Jody Scholtz and her Mother-in-law Donna Scholtz, Elin Cory, Anita, Kelsey, and Cassidy Markhum, Judy Mosca, Deb Nelson, Betsy and Jim Neek, Amy Lovejoy and her son Tyler Lovejoy, Tom Licklider, Angela Anderson, and Pam Willard. We are very thankful for Amy Cardamone-Rayner's donation of plants to help us beautify our yard! As always, we also appreciate all those who help out around HIC without even being asked!! Simple gifts such as putting chairs away, helping in the kitchen after Sunday Service, emptying garbage, etc. — all of those actions are witnessed and appreciated! We have many projects going on here at HIC and we have been so blessed with all the volunteers for these various projects, as we will announce our thanks and gratitude in our next newsletter.*
