July - September 2015

A Message From Reverend Janice Hope Gorman

COME TO OUR TEMPLE OF LIGHT!

Dear New and Old Friends,

Our focus at the center is on transformation and expansion beyond one's current physical world. We are dedicated to assisting others ready to become SOURCE, CREATORS, ALCHEMISTS of their own lives again. I am doing this myself and I desire and invite others to join me in creating world peace one day at a time. When people enter into our temple, everyone feels the overall vibrational frequency instantly and it sometimes brings them tears because they are feeling peace of the Masters and Angels who gather there to help awaken people to their higher selves. People also report that they feel their energetic blocks begin to release and they begin to feel the ancient energies of their true selves begin to come forth.

As vibrational beings, this alignment that comes to people while visiting our temple actually flips their world around from outer to inner to inner to outer. They become Masters and Creators of their own lives. We believe that people become unlimited and powerful while being in community where our greatness is able to shine through. This is one of the affirmation statements that becomes our pledge to ourselves.

Affirmation of The Unlimited Person

I am powerful, and able. I am successful. I am whole and complete. The Universe supports me. My body is filled with energy and vitality. I am LIGHT! I am buoyant! Natural well being flows through me. All I desire is in reach. I am a powerful, loving creator in this world.

I forgive myself. Today I begin life anew. Joy and love flow from me as from a fountain. Love is in my heart as I meet each situation, each person. I move out into this world now with love in my heart for all. I can and will succeed with love and I am discovering this now.

I am persistent. I have tenacity and the will to succeed supports me totally. I persist and I succeed. Barriers have become my education; I ex-

perience obstacles as opportunities which lie on my path to success.

The power of the universe manifests through me now. My actions are decisive. I walk in power, in love and I affirm all Life with My Life!

***MY LIFE IS IMPORTANT TO THIS WORLD!
My Life Counts!***

Coming to classes, groups, workshops and sessions as well as Spiritual Services provides people with tools to navigate with greater ease beyond anything they have ever experienced before. If you are ready to embody your higher-self, for yourself as well as for all humanity, then we can definitely assist you on your journey. Our community is dedicated to becoming people of Love, Peace and Harmony. Our temple can and will impact your physical reality completely.

Here are two testimonials about coming to the Hope Interfaith Center and how it has changed their lives:

"I am so honored and blessed to have found Janice Hope Gorman at the early stage of my spiritual journey and exploration. I was referred to her through a friend of mine after my son died in a tragic accident. I remember going to her home for a reading and being amazed by the information and spiritual insight that she brought through in our session. I started seeing her regularly, and was able to participate in some of her spiritual classes in the basement of her home. I have seen the Hope Interfaith Center grow leaps and bounds and have always been amazed by

Hope's ability to listen to Spirit and follow the path of Divine Oneness. I remember watching with awe as the Hope Interfaith Center outgrew its first location at 808 North Second Street. It was not long before Hope was guided to follow Spirit's calling to provide a new location to accompany the expanded growth that was needed at HIC. It is so exciting to see the continued growth at 114 Pohl Road, and to see many people's lives touched through this spiritual community.

The Hope Interfaith Center provides a community for spiritual exploration in which I have been unable to find anywhere else. It is a place where I know that I am always accepted and loved, and have come to greatly treasure all of the friendships that I have made. I have been blessed to have participated in so many wonderful classes and events including Oneness Blessing initiation, Spiritual Leadership Class, Meditation classes, DNA activations, Monthly spiritual teachings, Hope's Blog Talk Radio Show, as well as many others that I have participated in throughout the years.

Janice Hope Gorman is also my spiritual teacher. I have grown so much throughout these years through her loving guidance and wisdom teachings. I appreciate that she lives within the integrity in which she teaches. She always walks her talk outside the spiritual center, which I believe is what attracts me to her the most. It is easy to teach spiritual concepts, but to teach and walk the talk is the highest mark of a true spiritual teacher and Master. I am so deeply honored to know Hope and to be a part of this exciting spiritual community, where all sacred pathways are truly honored and celebrated!"

~Jill Grace

"Ever since I was younger, I remember never really fitting in and always feeling like I was different from others. I never really knew why, but I always assumed it was due mainly to my physical attributes, the things that can be seen. I also remember clearly having a dream when I was little about a beautiful angel standing in my doorway. A dream that seemed so real...but had to have been just a dream, right?"

In early 2000, I was introduced to the Hope Interfaith Center and at that point, my life was changed forever. I felt that I fit in and had a spiritual place to call home. A place that is so filled with love and divinity and inner peace. A place that welcomes you with open arms and that says "I see you" but not just through the eyes but through the heart.

I have learned so much from Hope and the rest of the HIC family over the years. I have been truly blessed to be a part of this wonderful community that is so supportive and loving to all. I have also grown so much and done so many things that I never would have imagined.

When I reflect back to my childhood, perhaps I felt different and out of place because I could feel the Goddess energy, love and light within me but didn't know how to also fit into society.

Thanks To Hope and the HIC family, I now knowingly walk forth in the world allowing my Goddess energy to shine brightly upon the earth and everyone and everything that may come forth in my path. "Within me lies a part of you and within you lies a part of me...as we are all one in Unity Consciousness"

~Denise Hals

As people united in transforming ourselves, let also us unite in the task of transforming the world. Please come join us and check us out or always remember you are welcome to come back to join us again and expand beyond anything you could of ever imagined! It is time to be the family of Light in the ONENESS of ALL that is! Father-Mother God, in your beauty we unite to be transformed and uplifted. Within your presence, we are inspired and blessed; within your love, we flourish and give thanks, rejoicing in the impulse of life. We are transformed, revitalized and free to be who we were made to be!

With Pure Heart,
Hope

the Hope Interfaith Center is a non-profit spiritual
center; therefore, a portion of your spiritual coun-
seling sessions donations are tax deductible.

***** It's Important to RSVP *****

your intention to attend. It's a really nice thing to
do for yourself and it helps in our planning. When
you come to the center, we would ask that you re-
move your shoes if possible. There are mats and
cubbies that will hold your shoes. This is not only to
help keep the center clean but it is also a way of
honoring the sacredness of the space. Thank you!

Fellowship Minister

Would you like someone just to talk to? Would you like to have someone come to you instead of you coming to us? Are you troubled by life or have some life joys you wish to share with someone? Or perhaps you need a session of personal prayer, meditation, healings or a hospital visit - HIC has many Fellowship Ministers who are willing to come! Rev. Jo Gangestad, Rev. Klea, Rev. Kim and others are ordained and any of these women have accepted the call to serve in any way to anyone. They all do weddings and baptisms and life celebrations. Please feel free to contact HIC if you want to be in contact with an Interfaith Minister.

I have said that there is no such thing as a stand-alone event in your life. There is always help out there as well as fellowship and Spiritual friendship. All you need to do is reach out and someone will take your hand at the Hope Interfaith Center. We are here for you and we will be with YOU!

Monthly Spiritual Service & Table Topics

Spiritual Services at HIC

Second Sunday of every month at 10:00am

In the mystery schools and temples of times past, the students were instructed in the cosmic sciences of how energy works. It was from these intuitive sources that the intricate patterns of soul and personality were defined and understood. As times changed and the mystery centers were destroyed and dispersed, these intuitive sciences were forced to go underground for safety's sake to preserve these important teachings lest they be obliterated completely by the violent nature of Western humanity. Guarded and protected by a chosen few, universal teachings and patterns were treasured until the time returned when humanity was ready for subtlety and refinement. Now we search these wise sources for information about our part in the greater Plan and how to comprehend - indeed, even love - fellow humans.

Come join us at our Spiritual Services for accurate wisdom that is not only from the past mystery schools but also current information that will help you with your personal journey as well as planetary journey. We are all being called to gather together for ritual to bring forth the energy of our hearts to move our planet into perfect harmony. Lessons that came from the mystery schools talked about when people came together to become ONE in the energy of LOVE and they projected it out into the planet the whole world would shake and move and smile into a more peaceful, balanced existence. This is what we do at our Spiritual Services. Our unique esoteric style is especially exciting for the seekers on the spiritual path of evolution. We are a calm and loving community who welcomes all faiths to join us for our Spiritual Service of ONENESS! We see and treat all people with equal value for we are all ONE!

The moment you walk in the door, I will be there to welcome you with a HUG and a SMILE! The vastness of the cosmic Plan beckons us to look beyond the small and the ordinary and to seek the great wisdom revealed in the patterns of great ancestors. Come and explore this unique opportunity with excitement that you will walk away with transforming insights into the energy of Cosmic Universe! If you would like to come and speak to me, Rev. Janice Hope Gorman, to ask questions about our community I welcome all questions and visitors! Let There Be Light!

If you believe that Life Loves Us and that we are a part of the greater universe, at some point it becomes important for us to understand our relationship to the rest of the whole. Many people have no awareness that we receive blessings from the vast universe. Our awakening is at a powerful point in time right now and we are now being stirred from a deep sleep and are beginning to see and celebrate our connectedness to the ALL!

Blessings and Love,
Rev. Janice Hope Gorman

Table Talk (Formerly Salon)

Third Sunday of every month - 10:00am—11:00am

I have personally connected to a very powerful woman who is the director of CADA Inc. We are deliberately connecting at least once every two months to practice the "Art of True Communication." What I am learning from this experience is that true discussion requires the ability to be fully present and fully interested in the perspective of another. It is a discussion between equals, in which one is solid and aligned within yourself to the point that you are able to hear and desire to understand the opinion of another without interruption.

We both have talked about how the True Art of Communication has been lost and how we both think that there is truly a need to have a place to bring it back. This is when it hit me that we at the Hope Interfaith Center have an opportunity for people to come together to talk, to share, to grow, to speak and to listen.

Our Table Talk needs more participation! This is a small intimate group that is wanting to grow. If you have never joined us, please consider coming to our very relaxed, unstructured Table Talk Time. We have a great discussion on the sermon that was given the week before and we talk about how it relates to our lives. Trust, loyalty, joy and compassion and respect are the corner stones to engaging in true communication.

This is a short hour that starts at 10:00am and goes until 11:00 or sometimes 11:15am. When we speak with one another, we have the opportunity to engage with each other's souls. How beautiful this is! Come and connect with your soul brothers and sisters and feel and receive the LOVE!

Let us build a stronger community through the act of "True Communication." Fair Trade Coffee is always served!

Healthcare with Essential Oils

Wednesday, August 19 - 6:30pm

Facilitated by Colleen Convery

Essential oils have been used for medicinal purposes for thousands of years. In addition to medicine, oils were used by royalty and in religious ceremonies, cosmetics, and perfumes. In modern times, essential oils are used in the same manner but with better purity, quality and potency.

Join us on Wednesday, August 19th at 6:30pm as Colleen Convery will explain how essential oils can be a healthier alternative to healthcare needs.

Colleen is a Lightworker who is here to help raise the awareness and consciousness of all mankind. She does this through many different modalities, which she has learned

throughout her lifetime. Colleen is an Elite Wellness Advocate with doTERRA Essential Oils. She is certified in Aroma Touch, which is an application of oils to help aide in reducing stress and inflammation and restoring balance to the autonomic system. She recently finished her Second Level Deeksha Giver (Oneness Blessor) and she has practiced Qigong, Qi-ssage, Energy Profiling, EFT (Emotional Freedom Technique) and Charka clearing. She is currently studying online through the Aromahead Institute for certification as an Aromatherapist.

Colleen resides in New Prague, Minnesota and has a husband of 11 years and two grown children. In her spare time, she enjoys cooking, gardening, jewelry making and spending time with her family and friends.

GREAT NEWS! A GREAT and HOLY, SMART, FUNNY, REAL, HONEST, and OPEN TEACHER IS COMING TO HIC!

(Mother Hope is taking a Sabbatical in the Fall)

Living vs. Thinking is about how to live here effortlessly and in balance and peace. Christopher Emmanuel will be here at the Hope Interfaith Center this Fall, September 29—October 29. Mother Hope (*you can call me Hope*) will be taking a six-week sabbatical to enjoy some traveling with my husband; I will also be taking a group of pilgrims to France during this time. The element of this getaway is to refresh me and to deepen me to my next level of devotion to Spirit and to bring it back to the Hope Interfaith Center. This step is required from the standpoint of alignment and allowing greater wisdom to flow through me.

I realize that in order to go further in the journey of doing my job as director of the Hope Interfaith Center, I need to remove myself from the duties of the center to experience a deeper intimacy with the Spiritual Oneness of Spirit. I know that I will be doing prayer work and meditation to continue to learn the power of my soul and to experience personal Love for myself by taking some time away. I know that for all of us at this time something wondrous is occurring and that we are remembering who we are and are now creating a new dream to experience. I have been told that by leaving for a while, the implications of my journey away will be inspiring. I have been looking for the perfect person to take my place as well as do the duties for our center and I found him.

As an awakened one, Christopher Emmanuel devotes his life to helping people remember and he takes them from thinking into LIVING and CREATING a NEW DREAM. Chris was born in Grenada, an island in the Caribbean. He has lived in many places; he currently resides in Toronto, Canada.

You will receive insightful and powerful readings to help you on your life's journey. He gives channeled messages that are going to present the secrets to life. In fact, he has written a book called "*Secrets to Life, Keys to Inner Wisdom For Conscious Living*". Christopher will help you explore your unlimited potential for healing and spiritual opening to what is next in your life. We are all limitless, multidimensional beings and when we reconnect to our Truth of who we are, we receive our natural heritage: radiant health, deep peace and spiritual wisdom, real love and so much more!

In addition to spiritual counseling and channeled sessions, Christopher will be organizing a men's retreat here at the center, which will be an eye opening experience. The retreat will help men feel, release, heal and move on to the next step in their spiritual journey. He will also be attending the monthly Men's Group to help it blossom into a group of holy men on their profound journey of discovery. Christopher will be facilitating Spiritual Service on October 11 at 10:00am; I encourage you all to come and hear him speak. I deeply believe that Chris will bring in a new energy to help our entire community grow. We believe that diversity and more men will gather to meet Chris as he radiates his love to All.

I also strongly encourage you to call in today to set up an appointment with Chris. His schedule will indeed fill up. The costs of his sessions are identical to mine. There will be a suggested love donation for the session and each session will be one hour long. Please contact the center as soon as possible and please tell others about this opportunity.

What a joy it is to be able to take my sabbatical and know that you and the Hope Interfaith Community will indeed be in good hands. We are all rebirthing! And for those who are seeking profound self-understanding, compassion, personal freedom and higher consciousness, this is the season to move forward in your journey. I will be thinking of you all as I release some of my own unconscious blocks and become free of the grip of subconscious negative beliefs. What this does is brings on the expansion of the heart; liberation of the True-Self; the continuation of the unfolding of unconditional love; and a lightening up on all levels. As you all know, we are now moving from a carbon-base being into the next species, which is a Pure Conscious aware being of Pure Love!

This is what awaits us all. Thank you so much for this opportunity for my personal growth and I wish you all safe travels into your next levels of Pure Consciousness. Frequency, Frequency, Frequency and the Vibration of personal self-love is our journey into our Truth!

Call Jody at 507-386-1242 to set up your session with Christopher Emmanuel.

Relationship Group Welcomes YOU!

Third Thursday of every month - 6:30pm – 8:30pm

Facilitator: The Whole Group!

Cost: Free

Our relationship group is a wonderful gathering of couples who are dedicated to making their relationships better. We have so much fun and yet sacred connections to our group. We would love to have any and all couples to come join us. We are currently reading a wonderful book called "*The ZimZum of LOVE*" *A new way of understanding Marriage and Partnership*. By Rob and Kristen Bell.

There is a mysterious, indescribable, complex exchange that can happen in the space between you and your partner. You find each other. Your centers of gravity expand as your lives become more and more entwined. You create space for this other person to thrive while they're doing the same for you. This energy field is at the heart of great relationships.

Chapter 1 What's a ZimZum?

Chapter 2 Responsive

Chapter 3 Dynamic

Chapter 4 Exclusive

Chapter 5 Sacred

We will also be going out to eat and celebrating after this book is done! You can join us at any point. We are looking to grow our group and have celebrations all year long! We as a group understand how in our busy daily grind we can easily get distracted from the most important person in our lives and that is our partner. You do not need to be married to join our group. Anyone can come who is in a partnership and wanting to make it great!

We never talk about our troubles, we only talk about how to improve our relationships. We meet the third Thursday of each month at 6:30pm & go until 8:30 or 9:00pm. We never go later than nine because we are aware that people may need to get up early the next day.

If you have any questions about this group, please feel free to call me!

Men's Group Welcomes New Members!

Meets the first Saturday of the month at the Center from 7:00am until 8:30am. We also meet the third Saturday for breakfast at Perkins at 7:00am.

Powerful lessons in Personal Change! In more than 25 years of working with people, I have come in contact with many individuals who have achieved an incredible degree of outward success, but have found themselves struggling with an inner hunger, a deep need for personal congruency.

This is a group of men who hunger for male time and time to speak with other men about inner hungers! Wow, what an amazing group of men who are coming together to support each other in ways that are so needed in a man's journey. Come and check them out to see if this is a group for you.

Honesty, laughter, support, and connection are some of the values of this group. If you have any questions about this group, please feel free to call Paul Gorman at (507) 420-0138 or you can call the office and ask Jody about this group.

A Course in Miracles Study Group

ONENESS Blessing Circle

*Every Wednesday - 5:30pm
Facilitated by ONENESS Blessers*

Please join us, and invite others, on Wednesday evenings for ONENESS Blessings! The ONENESS blessings are based in the practice of Deeksha. In its simplest definition, as described by our Beloved Teachers, Deeksha is the practice of "getting one's self out of the way" so that Divine Light and Love can be channeled through us and given as a Blessing to others.

Our HIC ONENESS Blessing Givers are excited to bring weekly opportunities to give and receive ONENESS Blessings.

We welcome you to join us!

Thank You HIC Community!

We appreciate your continued support to help with the mission of the Hope Interfaith Center. Our hearts smile with LOVE to All!

As always, we appreciate all those who help around HIC without being asked!

Simple gifts such as putting the chairs away, helping in the kitchen after Sunday Service, emptying garbage, etc.—all of those actions are witnessed and deeply appreciated!

"Your acts of kindness are iridescent wings of divine love, which linger and continue to uplift others long after your sharing." -Rumi

Sessions with Hope—2016

Time To Sign Up For Sessions with Hope

Tuesday, September 29—Please call 507-386-1242

Are You Ready for Transformation?

I can think of no better reason to be here on Earth than to Be Peace, to Radiate Peace and to Create Peace!

The conditions are right for awakening to this joyful state. All that is required to realize it is willingness. Words cannot tell you what it is or where to find it; they can only point to it. This is maddeningly frustrating to the egoic mind. We are moving beyond mind at an intense and rapid pace. Shift is happening and a willingness to let go, so to speak, is your greatest friend at this time. Stop, surrender, relinquish, allow and accept are some of your new guides to the end of suffering. You have the power to change your life.

Wherever you are, right now you can grow and change and know the truth of who you are! It is up to you to Be Still and allow your greatness to emerge. Each day we awake, each breath we take, each situation we find ourselves in, is an opportunity to awaken from the mind-made illusion of what we call living, to the reality of a beautiful authentic life. Each shift that occurs, like layers peeled away from an onion, is pure joy realized when one is on a spiritual journey.

While seeing and being with Hope during a session, you will feel your body relax and your body surrender to becoming receptive to the inspirational messages that come through her. You will feel your guides and holy ones touch your soul and activate your spiritual journey into leading a life of Harmony, Peace and Joy! You will be touched and an indelible mark of light will be left upon you.

As you all know, the greatest shift this planet has ever seen is upon us at this time and we are all being called to awaken now to the love and wisdom that is within us to create the New Nova World. Come and awaken to the intuitive potential that resides in you and out of this connection, you will receive your own sensitive messages of to do or not to do. Your own psychic abilities will be enhanced and you will begin to dream and imagine and create a better life for yourself. Each time you come to a session, you will discover how to break through veil after veil to claim new areas of expertise in your life.

Please call Jody to set up your appointments for 2016. Each client is able to have 6 appointments during the year. Hope's schedule fills up quickly so, if you are looking to get in to see her next year, please call for your appointments early. Appointments will be taken as they come into the office and Jody will get back to you as soon as possible to set up your times on our calendar. Please be patient for during the first few days to a week we can be overcome by many phone calls. Once again we look forward to being part of your holy journey into awakening!

The Pure Hope Show

Airs the last Tuesday of every month at 7:00pm

As our BlogTalk Radio Show continues on the mission to bring quality, listener-focused podcasts to wider audiences, we are pleased to welcome the voices of teachers and healers and leaders across the nation. The "Pure Hope Show" is a spiritual platform to bring solid, holy, interesting information free to listeners just like you. We are having conversations and listeners from geographic locations as far away as Egypt and as close as our next door neighbors. We are able to do this with nothing more than a laptop, a microphone and a broadband internet connection.

I am asking you to partner up with me as we use this platform to help raise the consciousness of humanity. First of all, just for one night a month, I am asking you turn off the T.V., get a cup of tea and join me and all of my fantastic guests. Also, I am asking you to partner up with me by putting this on your Facebook and/or website or call friends and let them know about this program. We have the entire year filled with guests who are powerful and interesting.

We at the Hope Interfaith Center are making great strides to use our "Pure Hope Show" to raise the consciousness of the world one listener at a time. We continue to grow in numbers. I believe this platform will play a critical role in bringing in the New World. As Lightworkers, we are called to change the world!

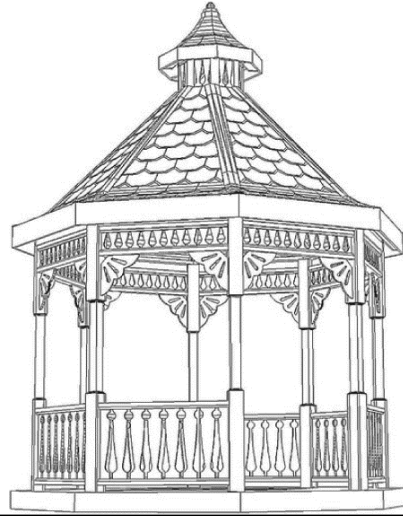

Please join me the last Tuesday of each month at 7:00pm or join us by listening to our wonderful archived programs. Listen to them as you clean or go to bed. Listen to them as an act of meditation or metaphysical study.

If you go to our website, www.Hopeinterfaithcenter.com, there is a button you can just press to get on to our programs. We are working on making the programs easy for everyone to access. So, partner up and join us as we create the NEW World!

Thank you,
Hope
