

Hope Interfaith Center

April - June 2016

A Message From Reverend Janice Hope Gorman

SPRING IS BUSTING OUT ALL OVER!

Dear Friends,

Letters of love and appreciation have been received at the Hope Interfaith Center for the bravery of the types of teachings that have been given at our temple. People's lives have been changed and their consciousness has been widened and broadened into new horizons. These letters depict a multitude of individuals seeking a confirmation that indeed their visions and dreams, feelings and inclinations about what is happening on our planet at this time is true!

We are in the most important change that our planet has ever seen. They now know that they are a member of the Family of Light which includes all races, creeds and colors. They also know that we are members of a Universal Collective Galaxy that are here to help bring in the changes that are taking place. How exciting this is! We have seen nothing yet. For the best is yet to come!

A call is coming forth for all of us to hold the images of the New Earth and to become people of the New Love Consciousness. WE are asked to watch the winds of change with love in our hearts, have a deep attitude of gratitude, and to remember that everything life has to offer is a lesson. So let us play the game of life with truth and gusto; and please remember to choose love and turn all encounters into lessons of a loving opportunity.

Shifts will continue to take place during this most important year of 2016. Whenever an age is opening or closing, a great shift of energy occurs as well. During this shift, there is no need to feel powerless. For indeed, when you remember who you really are, you open up your heart and just love no matter what! Understanding the frequency of love is your ultimate lesson in living. Loving yourself, as well as others. So, I ask you once again to consider taking classes or joining a group at our center. They can and will give you the latest information on these shifts that are taking place. I want to give you all HOPE that our future is in good hands. Coming to our Spiritual Services becomes a celebration of LIFE and where we are going. You are the most magnificent creatures here on planet earth, far more ad-

vanced than all of your gadgetry and technology. When you think of this, you might ask yourself this question: What is in your genes? Could it be the richness of the love frequency that is so vast, multifaceted, priceless and all powerful? Come to HIC where we spend time to reflect on LOVE! LOVE is quite contagious, is it not? And Love spreads quite easily and it changes our world. So, I am calling all of you my Family of Light to join us this Spring at the temple of Light! HIC is a wonderful "Oasis" that builds you up and helps you remember who you truly are! Winter is now gone and Spring is back! An attitude of Love is of the most importance during this time on Earth!

To assist you in realizing the importance of attitude, consider the following statement on attitude from renowned author and pastor Charles R. Swindoll:

"This may shock you, but I believe the single most significant decision I can make on a day-to-day basis is my choice of attitude. It is more important than my past, my education, my bankroll, my successes or failures, fame or pain, what other people think of me or say about my circumstances, my position, or me. Attitude is that "Single String" that keeps me going or cripples my progress. It alone fuels my fire or assaults my hope. When my attitudes are right, there's no barrier too high, no valley too deep, no dream too extreme, no challenge too great for me."

Let us all begin to take responsibility for our destiny as we hold an Attitude of LOVE! All Are Welcome at the Hope Interfaith Center, where our doors are small but our hearts are BIG!

With Pure Heart,
Hope

Fellowship Minister

*W*ould you like someone just to talk to? Would you like to have someone come to you instead of you coming to us? Are you troubled by life or have some life joys you wish to share with someone? Or perhaps you need a session of personal prayer, meditation, healings or a hospital visit - HIC has many Fellowship Ministers who are willing to come! Rev. Jo Gangestad, Rev. Klea, Rev. Kim and others are ordained and any of these women have accepted the call to serve in any way to anyone. They are all able to perform weddings and baptisms and life celebrations. Please feel free to contact HIC if you want to be in contact with an Interfaith Minister.

I have said that there is no such thing as a stand-alone event in your life. There is always help out there as well as fellowship and Spiritual friendship. All you need to do is reach out and someone will take your hand at the Hope Interfaith Center. We are here for you and we will be with YOU!

Thank You!

From Our Hearts to Yours!

Our temple is an open Heart for all to enjoy. With that being said, we are FOREVER GRATEFUL to ALL - the many facilitators and participants who join together for all the events here at HIC.

A BIG THANK YOU to our long-time friend Penny Tower for sharing her beautiful presence with Mother Hope during the February Spiritual Service. We also want to SHOUT OUT our sincere gratitude to Becky Beyer for her time and energy in making the delicious chocolate-dipped strawberries for our Valentine Fundraiser. They were AWESOME!

Also, THANK YOU to Katie Galarneau, Scot Zellmer and Esther Marcella Hoffman for facilitating our Full Moon and Equinox Events.

MANY THANKS to you ALL!
We are blessed by your gifts that you
share with our HIC Community!

SPIRITUAL SERVICE & CHILDRENS SUNDAY ONENESS SCHOOL

Beginning September 2016

I see a vision of the future for HIC that springs forth from people coming together. The stunning realization is that from "nothing at all" has come everything that has been, is now, and will be. This great force of higher intelligence that produced our temple of light (Hope Interfaith Center) is operating within us all. We have a fantastic board at HIC that is dedicated and always looking towards the expansion of getting people to know us and come to our temple. We have fantastic helpers at HIC from Bob Dickhudt who is our musician for Spiritual Service, helpers that clean and decorate our great room, to those of you who help us with our yard and spring garden. This is the synergy that I see happening at our center.

We are growing at HIC and so in order to serve more people, we will be adding an additional Sunday Spiritual Service beginning in September. What I see is that people who attend our Services are giving birth to a "Universal Being of Light and Love." They do not label themselves with one religious tradition over another. People who come to HIC see themselves as Interfaith and citizens of the Omni Universe. Universal beings are invited to our Spiritual Services from every race, nation, religion and discipline. A Universal being feels connected through the heart to the whole of life and is awakened from within by a passionate and loving desire to express unique creativity for the good of the self and the whole. For this emerging human, the veil between dimensions of reality is thinning. We are becoming multidimensional beings, having expanded realities and peak everyday experiences, receiving higher guidance and epiphanies vital to guide evolution now. The Universal human is developing evolutionary consciousness and evolutionary spirituality based in constant awareness that our feelings, words, and actions affect the whole.

Synergy creates newness, which is why we will begin offering Spiritual Service twice a month beginning in September of 2016. We will continue having our first service on the second Sunday of the month and our second service will be on the fourth Sunday of every month. Service will begin at 10:00 a.m. and end at approximately 11:15 a.m.

Also, this synergy is happening for the children. Connie Haugen has offered to develop a "Sunday Children's Oneness Group", which will be offered during our service time. A variety of topics for the children will be developed such as: teachings and symbols of other traditions; trusting your intuition and your heart; meditation and toning; honoring Mother Earth and following your compass of Joy; sowing seeds of kindness and love to all; as well as connecting with Angels! This and yet so much more! If anyone is interested in helping develop this program with Connie, please contact her at (507) 385-0841 or call the center and let Jody know.

More and More people who are of similar harmonics are coming together and interacting on a level of actively knowing that we can and are creating a new world. Ultimately, there will be a moment in eternal time when enough people have awakened to ONE-NESS that a spontaneous shift will occur in the reality in which we live. May Peace Prevail On Earth!

Thank you all who have come to the Hope Interfaith Center's Spiritual Services. Your support and love for the success and continued success of the temple is deeply appreciated. Please give witness to our wonderful temple and keep inviting people to come with you.

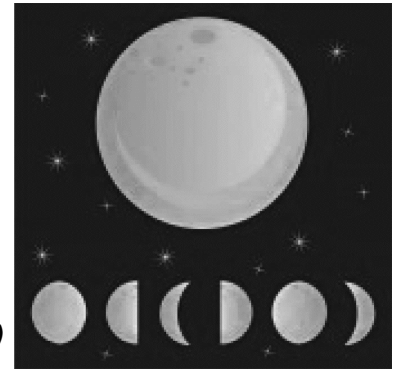

Full Moon Group

APRIL, MAY & JUNE FULL MOON TRANSMISSION MEDITATION GROUP

April 21, May 20, & June 21

7:00-8:00 a.m. - EARLYBIRD MEDITATION FOR WORLD PEACE

Great Room at HIC

Introducing a group meditation overseen by the Masters of Wisdom. Transmission Meditation is both a world service (*Karma Yoga*) and the most potent technique of personal development (*Laya Yoga*) available today. This meditation is a virtual "hothouse" for the spiritual growth of those who participate on a consistent basis. It provides a vehicle for service affecting the entire evolution of humanity for the better. Transmission Meditation enhances any other developmental practice currently used by the individual, and the potency of energies released during meditation can initiate powerful healing experiences.

Thousands of people around the world are joining together to aid in the work of transmitting these powerful spiritual energies for the benefit of humanity and the construction of a new world based on Brotherhood, Sharing and Justice.

During our Full Moons in April, May, and June, we will open our doors for those who seek to serve their fellow human beings and the world at large. Under the experienced guidance and direction of the Spiritual Hierarchy of our planet, we will feel the bliss of this experience. There are more than 1000 transmission groups in 40 countries worldwide that have been meeting weekly to help serve humanity at this time. I have been dedicated to this type of meditation now for over 20 years. Many of you know that we have had groups at my house on a weekly basis and then the group moved to Penny and Scott Tower's house and met there for over two years. This meditation is one of the ways that helps me connect to Masters that are bringing forth important energies to help the world at this time.

In addition to the potency of regular Transmission Meditation, the FULL MOON period of each month marks the time when the impact of the divine energies of Light, Love and Power are at their peak. This is why I am inviting you to join me on these most important days. The FULL MOON period works as if a doorway is opened wherein the energies can flow unimpeded. We only need three people to make this happen but when we have multiple numbers of three: Three, Six, Nine, the energy becomes even more explosive filling this world with LOVE, LOVE, LOVE!

Gatherings & Opportunities

Relationship Group -Mingling With What Matters-

*Third Thursday of every month, 6:30-9:00 p.m.
April 21, May 19 (Thursday), and June 23*

New Book: *Emotional Fitness for Couples - 10 Minutes a Day to a Better Relationship*
By: Barton Goldsmith

In April, May and June, we'll meet to discuss the book and how to take 10 minutes a day to create a better relationship. Then, the next three months, *[July, August, and September]*, we'll travel to the romantic wineries in the Mankato area for roundtable discussions.

Our significant other is the most essential and most noble of all human connections. When our relationships to our partners are healthy and successful, society prospers at every level. When couples or families are weak or torn apart, the foundations of every other human institution also shakes and crumbles. We at the Hope Interfaith Center are dedicated to help enrich all relationships especially the one of couple-ship.

Our group has four foundations:

1. The Foundation of a Positive Atmosphere- A person's spirit opens up when praised, but closes when criticized. Therefore, within this group, we learn to be each others cheerleaders! This group always focuses on the positive.
2. The Foundation of Fun and Humor- "Humor" means an ability to enjoy each other and to have a positive attitude about life. Our relationship group is fun and filled with humor.
3. The Foundation of Safe and Open Sharing- Our group is a safe place to share one's heart. Our group is a sanctuary where any member can come and open his or her hearts.
4. The Foundation of New and Exciting- We always shake it up a bit: We have done book study on marriages and partnership, listened to teaching

DVD's such as *"Laugh your way to a Healthier Marriage"*, dined at restaurants, and had movie nights at the Gorman's home. This is an endless flowing river of new and exciting gatherings.

Join us for the next three months of experiencing a community that "mingles with a meaning." If you have any questions about this group, please call Jody at the center. We always look forward to adding new people to the group.

In many of the marriages that I perform, I try to make it clear to them that the most important person in the world is now standing next to them, and it is their wonderful opportunity to never forget that.

With Love,
Hope

Goddess Group

GODDESSES NEVER GROW OLD GROUP

"A journey of acceptance and love of the self that reveals the natural radiance that is the birthright of every woman"

Friday, April 22 (Earth Day), 5:30-7:30 p.m.

Hope's House - 1748 Orchid Dr. South, North Mankato

Bring a beverage and an appetizer to share! Let us have some FUN!

A quiet awakening is under way across America as women are coming together to tell their stories, to find their place spiritually, and to take care of themselves. Women are the embodiment of creative energy. Intuitively we know this. When we see a woman relaxed, empowered, and self-assured; the power is evident.

Let us come together to talk about health for women and how we are called to take care of ourselves. Let us come back to our deep sense of our original royalty, nobility, health, happiness, and identity.

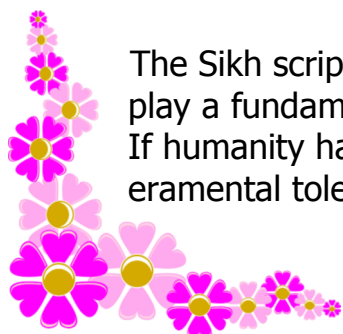

Women thrive from having space with each other. Unfortunately, modern culture does not uplift the feminine spirit, so young women have difficulty finding role models to help guide them toward finding their health and radiance. Women struggle to compete with one another and are deflated by the media's pervasive negative images of them.

Despite all of this, women can and do lift themselves up, find their power, and teach their daughters how to grow up self-assured women. We will be watching a "*Super Soul Sunday*" video of Christiane Northrup helping us move into a journey of acceptance and love of the self that reveals the natural radiance that is the birthright of every woman.

We will meet at Hope's House this time and we will sit in a circle to discuss the book, and how and why it spoke to you. {The group met last time at a restaurant and it was great but a bit too loud for a good discussion.}

The Sikh scriptures say woman is the source of consciousness and that we play a fundamental human role in uplifting the consciousness of humanity. If humanity has been sustained up until today, it is because of the temperamental tolerance of women.

Please call Jody to RSVP at 507-386-1242
