A Message From Reverend Janice Hope Gorman

THE HOPE INTERFAITH CENTER IS A HOT SPOT THIS SUMMER!

Dear Friends,

As always I am amazed by the beauty of our Minnesota summers, and I take time to tune into the Earth during this plush time of much growth. In this newsletter, I wish to share with you about the Crystal Energy, which originates from the Central Sun, and has been entering through the energy ejections of your own Sun to be stored in the tectonic plates of the Earth. As this energy is being released into your atmosphere, it passes through much of the inter-dimensional reality of life known as the mineral kingdom, changing the exogetic structure of the minerals. Once a critical proportion of the mineral kingdom has been affected, it triggers change in all minerals everywhere. This change is now underway. That part of yourself known as the mineral kingdom is about to shift as well. Perhaps you are feeling this change that is happening within you? I know that I am!

You have always been aware of the existence of magical "Hot Spots" on your planet, many of which you have come to regard as sacred sites. Over the past fifty years these energy spots have begun to shift their energy in preparation for these times ahead. In fact, some of these "Hot Spots" have cooled, while new ones have heated up and emerged. The land on which our center is sitting on has begun to heat up and we are now a "HOT SPOT." This shifting will continue as we move into this most important time.

Have you ever wondered why, of all the minerals at your disposal, it should be crystals that you have always considered to possess spiritual properties? The Earth is largely crystalline in nature. Even the energy from you known to be water is actually crystalline in structure. Crystals

have the closest of all vibrational ranges to humans. Watch as the properties of crystals begin to change now. Some that are opaque will suddenly start to become clear, while those that are clear will become cloudy, inclusions may appear within the crystals themselves and some may even break in half as they complete their tasks. And are you aware that crystals store vibration? Well come now to our temple of light and feel the energy of the crystals that are hanging from the windows as well as from our ceiling within the great room. We are creating a "HOT SPOT" with the intention to wake up and serve the world with LIGHT! A spiritual evolution is happening and we are dedicated in having classes and groups and Spiritual Services as well as our wonderful Blog Talk Radio shows that will help guide you at this time.

The Center is a non-profit Spiritual Church and we believe in the Magic of Love and how it does and can help the world at this time. Please call us and see what you can do to help the world at this time. Please come and visit our Temple of light and love. We are an Interfaith Community that respects and honors all Spiritual Pathways.

Don't forget to come to HIC this summer because it is a most important time!

We hope to see you soon!

With Pure Heart,
Rev. Hope

ADDITIONAL SPIRITUAL SERVICE & ONENESS SCHOOL FOR CHILDREN

I see a vision of the future for HIC that springs forth from people coming together. The stunning realization is that from "nothing at all" has come everything that has been, is now, and will be. This great force of higher intelligence that produced our temple of light (Hope Interfaith Center) is operating within us all. We have a fantastic board at HIC that is dedicated and always looking towards the expansion of getting people to know us and to come to our temple. We have fantastic helpers at HIC from Bob Dickhudt who is our musician for Spiritual Service, to helpers that clean and decorate our great room, to those of you who help us with our yard and gardening. This is the synergy that I see happening at our center.

We are growing at HIC, so we are adding a **Second Sunday Spiritual Service Once Per Quarter**. We will see where our attendance is with the second service and then we will move to every month as it grows. For this quarter, the second service will be held on Sunday, September 25 at 10am.

What I see is that people who attend our Services are giving birth to a "Universal Being of Light and Love." They do not label themselves with one Religious tradition over another. People who come to HIC see themselves as Interfaith and citizens of the Omni Universe. Universal beings are invited to our Spiritual Services from every race, nation, religion and discipline. A Universal being feels connected through the heart to the whole of life and is awakened from within by a passionate and loving desire to express unique creativity for the good of the self and the whole. For this emerging human, the veil between dimensions of reality is thinning. We are becoming multidimensional beings, having expanded realities and peak every day experiences, receiving higher guidance and epiphanies vital to guide evolution now. The Universal human is developing evolutionary consciousness and evolutionary spirituality based in constant awareness that our feelings, words, and actions affect the whole.

Synergy creates newness and this is why we will begin with a second service each quarter. Also, this synergy is happening for the children. Connie Haugen has offered to develop a "Sunday Children's Oneness Group", which will be offered during our service time. A variety of topics for the children will be developed such as: teachings about other traditions, symbols of different traditions, trusting your intuition and trusting your heart. Meditation and toning as well as honoring Mother Earth and following your compass of Joy and sowing seeds of Kindness and Love to All and connecting with Angels! These and yet so much more! If anyone is interested in helping develop this program with Connie, please contact her at (507) 385-0841 or call the center and let Jody know.

More and more people who are of similar harmonics are coming together and interacting on a level of actively knowing that we can and are creating a new world. Ultimately, there will be a moment in eternal time when enough people have awakened to ONENESS that a spontaneous shift will occur in the reality in which we live. May Peace Prevail On Earth!

Thank you all who have come to the Hope Interfaith Center's Spiritual Services. Your support and love for the success and continued success of the temple is deeply appreciated. Please give witness to our wonderful temple and keep inviting people to come with you.

With Love,
Rev. Hope

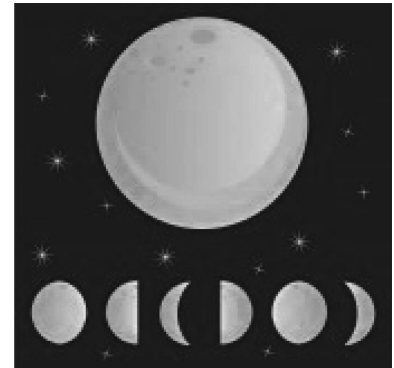

Full Moon Group

JULY, AUGUST & SEPTEMBER FULL MOON TRANSMISSION MEDITATION GROUP

July 19, August 18, September 16

7:00-8:00 a.m. - EARLYBIRD MEDITATION FOR WORLD PEACE

Held in the Great Room at HIC

Introducing a group meditation overseen by the Masters of Wisdom. Transmission Meditation is both a world service (Karma Yoga) and the most potent technique of personal development (Laya Yoga) available today. This meditation is a virtual "hot house" for the spiritual growth of those who participate on a consistent basis. It provides a vehicle for service affecting the entire evolution of humanity for the better. Transmission Meditation enhances any other developmental practice currently used by the individual, and the potency of energies released during meditation can initiate powerful healing experiences.

Thousands of people around the world are joining together to aid in the work of transmitting these powerful spiritual energies for the benefit of humanity and the construction of a new world based on Brotherhood, Sharing and Justice.

During our Full Moons in July, August and September, we will open our doors for those who seek to serve their fellow human beings and the world at large. Under the experienced guidance and direction of the Spiritual Hierarchy of our planet, we will feel the bliss of this experience. There are more than 1,000 transmission groups in 40 countries worldwide that have been meeting weekly to help serve humanity at this time. I have been dedicated to this type of meditation now for over 20 years. Many of you know that we have had groups at my house on a weekly basis and then we moved them over to Penny and Scott Tower's house for over two years. This meditation is one of the ways of which helps me connect to Masters that are bringing forth important energies to help the world at this time.

In addition to the potency of regular Transmission Meditation, the FULL MOON period of each month marks the time when the impact of the divine energies of Light, Love and Power are at their peak. This is why I am inviting you to join me on these most important days. The FULL MOON period works as if a doorway is opened wherein the energies can flow unimpeded. We only need three people to make this happen, but when we have multiple numbers of three: Three, Six, Nine, etc. the energy becomes even more explosive filling this world with LOVE, LOVE, LOVE!

Bring Your Crystals and Crystal Balls and We Will Light Up This World!

Come Join Us!

Gatherings & Opportunities

Relationship Group

*Third Thursday of every month, 6:30-9:00 p.m.
July 21, August 18, and September 22*

JaLaL AL-DIN RUMI (1207-1273)

Love makes bitter things sweet; love converts base copper to gold. By love dregs become clear; by love pains become healed. By love the dead are brought to life.

BA'AL Shem Tov

From every human being there rises a light that reaches straight to heaven, and when two souls that are destined to be together find each other, the streams of light flow together and a single brighter light goes forth that unite us as one being.

Wes Gilbert (1836-1911)

It's love that makes the world go round!

We have been working with a book called *Emotional Fitness for Couples!* Now in July, August and September, we will travel to the romantic wineries in the Mankato area for roundtable discussions and fun. We will enjoy love, laughter and fun and community so this is why everyone is invited. Even if you are not in a relationship please join us for these outings.

On July 21st at 6:00 p.m. we will go to Indian Island Winery, 18018 631st Avenue, Janesville where we can meet and greet each other outdoors on their patio. If it is too hot, we can move indoors to enjoy wine and laughter and round table discussion. The discussion topic will be Part Four, Chapter 20 of *Emotional Fitness for Couples*, which is titled, *Sex is an All-Day Affair*. In order for a relationship to be truly sexually intimate, affection has to be exchanged throughout the day.

Sex is not the end all to a relationship. My husband and I talk a great deal about his cancer and how that has affected his ability to make love. We will come to the round table and talk openly about prostate cancer and how to make your love life whole again after such surgery or any type of illness or health issue. Paul believes that this needs to be discussed because it seems to be a hidden and not talked about issue. Please join us for a wonderful discussion on letting your partner know what you want and how important it is to take time for what's most important-being together. Put the bills, housework, and phone calls to the side once in a while. Lastly, don't let the passage of time make the value of just a special connection go by the wayside. Most experts agree that sex

can get better and better as time passes and intimacy increases.

We at the Hope Interfaith Center are dedicated to helping marriages and partnerships have new growth and stay connected in a holy and meaningful and fun way. If you are interested in more information about our great group, please call the center for more information. Or you can call Paul and Janice Gorman at their home at (507) 387-7041.

Our group always stays positive! We are not a fix-it group that talks about our problems. We talk and share about how great relationships are and can be. It is a safe group where people can just come and listen if they choose.

Hope to See YOU COME!

With Love,
Hope

Children of the Crystal, Pearl & Rainbow Vibration

PARENTS & GUARDIANS OF CHILDREN OF THE CRYSTAL, PEARL & RAINBOW VIBRATION RECEIVE UNDERSTANDING, SUPPORT, AND GUIDANCE

Come to a church that will help you understand the children of the new vibration. Come to a church who welcomes their new vibration. Come to a Spiritual Service where the children will learn about "ONENESS." We will not have social justice until we all understand and see and act as "ALL ONE."

First let us thank the children of Indigo hue who came to work very hard to change the existing paradigms and beliefs about raising and educating children. The Indigos are doing what we have asked all of them to do-make space for empowered humans in all areas of your lives. Some of the Indigo children ran into brick walls. It was so difficult for them that we need to thank every single one of them. These were the kids that just didn't fit into the school system and at times were treated as weird or strange. Thank you, Thank you, and Thank you to the Indigos. The Indigos are around 30 to 45 years old now. The senior scouts of the Indigos are you the wood-stock hippies. We thank you as well.

The Indigos have come in with several important purposes. One is to show you through experience that many of the current systems were not fully supportive to empowerment of the people. In order to help humans re-evaluate long held beliefs, the Indigos had taken on contracts that sometimes included going head to head with all of the systems relating to children. Now some of those Indigos are beginning to move into positions of influence within businesses and governments.

Now enter the Crystal beings that have a much greater potential to hold their full power while still in their bubbles of biology. From time to time throughout your history Crystal Scouts have incarnated to test your vibrational level and also to plant important seeds of Light. Many of them remained hidden from public because it was necessary to give them the space to complete their work. Now we have the crystals and pearls and rainbows that are carrying enormous power, while at the same time being extremely vulnerable. They are balanced in a way that you have yet to understand, as it is their vulnerability that enhances their strength. They are born into a higher vibrational energy matrix, and have entered with all twelve strands of their DNA fully operational. Even as very young children they will display great powers beyond your current scope of understanding. They are also gentle beings and because of their sensitivity, their powers can be influenced by the emotional energy that surrounds them.

Please understand that we label them Crystal, Rainbows and Pearls, not solely because of their aura, but because they carry the new vibration. We don't wish to segregate the children by labels or titles. We just want you all to know that they each play a wonderful part in the evolvment of our new world. These children are indeed a precious resource and will be telling you things that you need to listen to. They carry within them the blueprint of LOVE, HOPE, and LAUGHTER. They do not do well in an environment of Fear, yelling, competition, hatred and or comparing. They are here to help us all remember to come back home to LOVE! We at the Hope Interfaith Center recognize these beautiful children and will be dedicated to educating adults to know who you are!

With Love,
Rev. Hope

Goddess Group

GODDESSES NEVER GROW OLD GROUP

Friday, July 15, 5:30-8:00 p.m.

Jody Scholtz's House -59563 243 Street, Kasota

(Directions to Jody's house will be given upon request)

Bring a beverage and an appetizer to share! Let us have some FUN!

Today's women throughout the world are reawakening to the feminine face of the Divine. After a five-thousand year reign of masculine values and male icons in the religions of the Western world, we are privileged to witness a global reappearance of the sacred identity of the feminine in the arts and in religious ceremony. Women's history is revealing a legacy of female leadership, authority, and wisdom dating back some thirty thousand years. It is inspiring a new spiritual vision among the women of this century and broadening the prospects for our daughters and sons.

Let us come together to talk about women and how we are called to take care of ourselves, Let us come back to our deep sense of our original royalty, nobility, health, happiness, and identity. We will be watching the documentary called *ADVANCED STYLE*. "Acclaimed street style photographer Ari Seth Cohen and director Lina Plioplyte dive into the personal lives of New York City's most fashionable seniors. In an industry obsessed with youth, these older women dispel conventional ideas about beauty and aging and prove that with age comes grace, confidence and new, unimagined opportunities for fame and fortune." 72 minutes
The Daily Express said this about the documentary: "*Inspirational, Touching and Absolutely Fabulous.*"

Come prepared to have fun! This is a casual event for all ages of Goddesses! Please RSVP so we know how many of you will be coming. Also, we can car pool from HIC's parking lot for those who would like to go in groups. Just call and let us know!

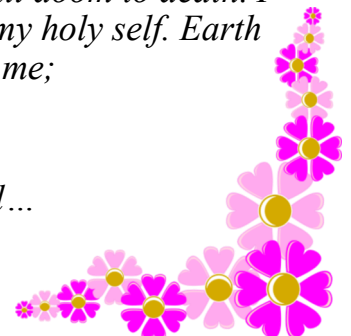

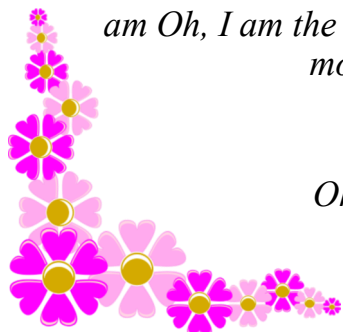

Women of courage and men of conscience are called upon through this tradition of women's prayer to reintegrate the wisdom of the life-affirming feminine. Here is a life affirming prayer that connects all women to our Mother Earth!

"My heavy eyelashes are the woods; they are beckoning.....My heart, the clouds are surprised because they are calling me, calling me. My earth body is bedecked with a thousand flowers. Many breasts of mine, the mountains joyfully rearing their tips, they are calling. They are calling.

*I want to embrace all the sad and the lost. All wrongs my hands shall doom to death. I am Oh, I am the defender of every woman as I am the defender of my holy self. Earth mother I am, the Only One; Everything sprang from me;
I carry the seed of all creation;
I am the bestower of life alone.*

Oh, oh, oh, I am awake! Oh, I am answering the call...

Spiritual Sessions Update

Dear Friends of the Hope Interfaith Center,

It's been such a pleasure to give all of you support during the many years of service at the center. Thank you for giving me and others an opportunity to do so.

Due to the rising cost of upkeep of the temple and some recent extensive work that we needed to do to our 100-year-old house, we will be raising our rates slightly. The price increase will go in to effect immediately.

Our sessions at the center will go up \$5.00. A one-hour session will be \$60.00 dollars and our Skype or out-of-town sessions will be \$65.00.

As always, we are committed to providing you with excellent, loving, accurate and spiritual sessions that will guide you in your journey in this most important time of evolution upon this planet. We will always be dedicated to helping you increase your magnetic flow which guides you into your life of GRACE and LOVE and LIGHT.

Divine magnetism, by which you can attract anything unto yourself, is the kind of attractiveness you want to develop. Jesus said: *"Seek ye first the kingdom of God.....and all things will be added unto you."* God/Source/You are ONE! And this magnetic flow is the Supreme Power behind all powers; the Supreme Love behind all loves, the Supreme Artist behind all art. When you put your mind and heart and soul on God, the Supreme Magnetic Force, you surcharge yourself and divine magnetism, and you can attract unto yourself a life that is in balance and harmony.

Now please pray with me: Father, Mother God and Goddess, I have thrown off all negative thoughts. For Thy magnetic presence is changing me; I realize I am made in Thine image. I am a divine magnet. Thy magnetic current flows through me. The magnetism of Thy love now flows through my heart, the magnetism of Thy joy through my soul. Aum, Peace, Amen.

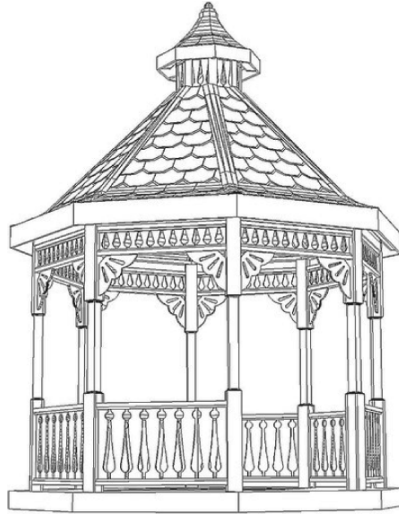

As always, I thank you for your love and support for the mission of the Hope Interfaith Center.

Rev. Hope Gorman
