

Hope Interfaith Center

April - June 2017

A Message From Reverend Janice Hope Gorman

Dear Friends,

As I am delighted to share a few personal comments with all of you who are my friends and clients and peers and helpers. I can testify to the many changes that have taken place in my life during this time of great change upon the planet. I continue to personally meditate, pray and contemplate my journey as a light worker, teacher and helper to all those who come to the Hope Interfaith Center. I now know that I am more dedicated than ever to providing a place that is safe and holy and accepting of all.

We are seeing more and more people come to the Center to explore the truth of who they are. They no longer feel inclined to stay put in the narrow ideas which they have received from many places. People now are realizing that their BEING is size-less and they are transcending the limitations of conditioning.

I personally would like to remind you of the greatness of your Being. And when you know this, you will then create a world of true happiness, joy, peace, light and justice for all.

When I first approached the task of sharing with all those who would come that there was an inner spirit within that is a blazing glow of infinity that is ever expanding called Oneness, I thought it would be easy. To say the least, it has not been a journey for the weak of heart. Yes, I share honestly that the journey has brought up every emotion of fear, lack of self-worth, and doubt that my life and my family would be made fun of. I need to share with you, also that I had to confront that fear of the greatest magnitude—fear that I couldn't do it "right"—fear that I would be laughed at, ostracized or scorned, fear that my mortality might tint the truth of the messages that I would receive, and many other things. But the deep, deep feeling of joy that I have experienced while working with the Spiritual Guides and Angels has over-ridden the bumps in the road. There were many times when I could feel the Master's presence with me as if we were entwined. And I kept on hearing that "We are All One. Made in His/Her Image! Please help people know that this is theirs to realize to become their highest potential on Earth."

We at the Hope Interfaith Center wish to inspire and compel all to discover their true nature as pure awareness via simple inquiry, by having personal insights, as well as offering wisdom teachings and a wide range of classes and events.

Transcending Cultural and Social conditioning has been one of those bumps for me and many people. Few are those who ever challenge or outgrow the beliefs that have been instilled by family and society during those early years. And yet, we must as we move into the "Golden Age" of a new family of ONE!

Movement into the Golden Age

We welcome people from all faiths, and backgrounds. You are my family! Let us join together in the Oneness and know that you are reading this with the power that is within you. If you are looking for something deeper than you have found so far, then look no more. If you are looking for a place of peace and safety from judgment, look no more. If you are looking for inclusivity and love, look no more! You have found it just by reading this!

I have been doing this work now for over 25 years and rejoice in the fact that fear and hate cannot exist when there is LOVE! Come and immerse your energy and your mind into the discovery of the Truth. If you continue to stick to the inquiry, you will make a true phenomenal discovery that you are a magnificent being that is here on earth to awaken at this time and remember to Love yourself and to Love one another. When you walk into our great room where we have spiritual service and classes, you will see on one side of the wall: "All SACRED PATHWAYS ARE HONORED HERE!" On another wall, you will see: "WE ARE ALL ONE."

I look forward to seeing you soon and giving you a big hug and smile!

With Pure Heart,
Hope

HAPPY BIRTHDAY TO ME!

April 9th is my birthday! I can't believe that I am 63 years young! But I love getting older and here is why. As I get older, I do feel my body changing making all kinds of shifts. No matter how much I try, I can't run as fast as I could when I was younger, but to tell you the truth, I don't really care to. Everything is shifting: breasts, arms and other parts of my body. But here are my greatest shifts: my mind and my spirit and my soul! I marvel at my own sense of calm now. Events that used to leave me reeling, where I found my head in a bag of chips or eating a total pizza, no longer even faze me. I am calm and at ease with my life. I am not afraid to be me, whoever I am, when I am in front of people any more. In fact, I am proud to be who I am. Because if you ask me now what I have come to do in this world, I who am a Spiritual teacher, Wife, Mother, Grandmother, Sister, Friend and Activist and Cheerleader for Spirit and Divine Love to return to earth would reply: "I am here to live my life out loud".

I've said that I always knew I was exactly where I was meant to be. I was always exactly at the right place at the right time and meeting the right people. I have always been aware of any and all experiences as an opportunity to learn and grow and deepen. Now, because of my age, I know that everything that has ever happened to me were my sweet spots. At different times in our journeys, if we're paying attention, we get to sing the song we're meant to sing in the perfect key of life.

Everything I and you have ever done was all meant to be. Life comes together in harmony with who we are if we are paying attention to what feel is right for us. As I age and season and mature and blossom what I see that shifts the most for me and others is we feel the truest expression of ourselves and we are not afraid to show it and be it. What freedom! One of my greatest lessons has been to fully understand that what looks like a dark patch in the quest for success is the universe pointing you in a new direction. Anything can be a miracle, a blessing, an opportunity if you choose to see it that way. Had I not experienced the darkest spots of my journey, I would not be the woman I am today. When you can see obstacles for what they are, you never lose faith in the path it takes to get you where you want to go. Who you're meant to be evolves from where you are right now. So learning how to appreciate the dance of life and all the lessons, mistakes, and setbacks as stepping stones to the future is a clear sign you're moving in the right direction. The whole DANCE is SACRED!

Now...I feel like I am having a love affair with my authentic self; that life is a great banquet table and I am savoring the feast! And I am free to be me!

I am doing some bold, brave moves these days and will continue to do so. This is my Birthday Wish when I blow out the 63 candles on my cake: that you are having a love affair with your authentic self and that you are enjoying every minute of every day even when it is hard and or a dark spot in the journey. Always know that you are standing in the sweet spot with me at this wonderful temple of light.

You are all invited to our Spiritual Services the second Sunday of every month at 10:00 a.m. We are growing at HIC and so in order to serve more people, we added an additional Sunday Spiritual Service once each quarter to see how well they are attended.

If you are looking for a place that is dedicated to helping create a new world and know that raising one's consciousness and awakening to the divine within is the answer to this creation, then HIC is the place for you. All are welcome and we honor every sacred path to the ONE!

Please note that the second Spiritual Service for the next quarter will be on June 25th. Please join us! We will always have a special guest on the second Sunday Service.

COME JOIN ME!

Investing in Self and Service to Our World!

The Leadership Program is now a self-study program. This option will help meet the need of those who are deeply interested in becoming an Interfaith Minister.

Program Delivery and Requirements...

Each month, beginning in the month of July 2017, you will receive all the homework assignments, study materials, as well as the audios filled with information to become a Minister. The first six months will be dedicated to getting to know yourself on a deeper level. This will include digging deeper, perhaps more than you have ever done so before.

Also, every three months you will have a one-hour tele-conference with me personally to answer questions and/or to check in on your personal growth and comprehension of the study material.

Yes, there will be homework, which helps both me and you to stay in integrity. You will be required to hand-deliver or email your homework to me.

Upon Completion of the Program...

As a legally ordained Minister of the Hope Interfaith Center, you will be able to marry, bury and baptize legally. Your name will be recorded on the State's records and you will receive your Ministerial Credentials on a beautiful certificate which you will receive upon finishing this yearlong program.

Why Become a Minister...

We who are Interfaith Ministers are people of all walks of life and from all religious backgrounds. We hold on to the truth that we are ALL ONE. Your study and credentials will help you walk with others on their spiritual journey. Spiritual Counseling is so incredibly important now for our world. The minister is by definition a servant. A minister needs to be compassionate, loving, and trustworthy. An Interfaith Minister must be able to weep with those who weep and rejoice with those who are rejoicing. They are asked to be an able leader, to promote peace, respect, and love for all. If you have ever thought of becoming an ordained minister and to learn how to serve with Love, then perhaps this is the program for you!

The next program will begin in July of 2017. If you are interested in more information on becoming an Interfaith Minister, please call Jody at 507-386-1242.

THANK YOU HIC COMMUNITY!

We appreciate all the donations of time, support and monetary gifts during this past year of 2016 and now into this new year of 2017!

We Thank You for helping to support us with our mission for this Temple, which as you know helps to keep HIC's LIGHTS BURNING BRIGHT! Also, your continued support has made it possible for us to help many others within our community who are in need. Our Hearts Smile with LOVE to ALL!

We Thank All who volunteered for projects within our community and who helped with spiritual service, events/workshops, as well as the fundraisers! As always, we also appreciate all those who help around HIC without being asked! Simple gifts such as putting the chairs away, helping in the kitchen after Sunday Service, emptying the garbage, etc. All those actions are witnessed and greatly appreciated! ♥♥♥

ADDICTION COUNSELING

Addiction Counseling Offered at the Hope Interfaith Center

Has addiction stolen a loved one from you? Or are you wondering if you may have a problem with alcohol?

Ten Questions to ask yourself about drinking.

There are an estimated 14 million alcoholics or alcohol abusers in the United States. But let's not be so blind to our own actions. The questions below will help you determine whether or not you may have a drinking problem.

Ten Questions to ask yourself about drinking:

1. Do you have a hard time stopping after 1 or 2 drinks? The recommended guidelines are 2 drinks per day for men and women. Someone who binge drinks is abusing alcohol and themselves.
2. Can you go one day without a drink? Alcoholics and abusers are dependent on alcohol: therefore they cannot go a day without alcohol.
3. Do you drink when lonely, upset, or stressed? Self-medicating with alcohol is a sign of instability, and can lead to alcoholism, depression, and other mental health problems.
4. Do you feel the need to hide your drinking habits? When you know you are abusing alcohol, you may want to keep loved ones from finding out. You may tend to withdraw from people that will look down on your behavior.
5. Do you ever lose consciousness or blackout when drinking? Drinking large amounts of alcohol can cause blackouts as the alcohol affects the body.
6. Do you drink at improper times, or sneak alcohol in where not permitted? Someone that cannot go without alcohol will find ways to sneak it and consume it even when inappropriate.
7. Do you ever drink and drive? There were 17,000 traffic fatalities last year caused by people abusing alcohol.
8. Do family members or friends voice concern about your drinking? Sometimes we can't see things clearly ourselves, but the concern of a loved one may be accurate.
9. Does your drinking interfere with work or family morals or values? Going against your values is a sign that you may have a problem.
10. Do you think you might have a drinking problem? If you hesitated to answer this question, you have a problem.

If you have answered yes to any of these questions, you may have an alcohol problem. Or perhaps some abuse around alcohol.

We are so fortunate to have Bob Dickhudt on our staff here at the Hope Interfaith Center. Bob has degrees from Minnesota State University, including a BA in Sociology/Psychology, and a Certificate/Minor in Chemical Dependency/Addiction. He is a Licensed Alcohol Drug Counselor.

Bob has worked here in Mankato at Addiction Recovery Technologies for a year and a half performing chemical use assessments, individual tracks counseling and group counseling. Bob is experiencing long-term sobriety and he has learned the joys and the many benefits of freedom from addiction. He loves to share his experience and hope for all.

Please call Bob directly if you would like to set up a Chemical Dependency appointment. Bob's number is (507) 779-6971.

NEW CHILDREN'S PROGRAM & CURRICULUM

Children's Oneness School

Sundays: April 9, May 14, June 11 at 10:00 a.m.

Curious about our ONENESS Sunday school for children? We all know how curious children are. Children want to know something and see much more than most adults do; they catch sight of things which the adults may not even notice. Children's nature is much more watchful, much more eager to learn about everyone and everything. We find great joy in working with these beautiful children that are so eager to be inclusive.

Finding out differences and celebrating our differences are indeed helping the children celebrate in new ways. They have had some wonderful opportunities already as they studied the Christian meaning of Christmas and learned the art of meditation and how it can help calm them into peace. And what about Angels and how they were in glee and happiness that they are not alone!

In April they will be learning about "Healing the Body" and in May the topic will be "What Do You Think Happens When You Die"? Our Spiritual Services and our Sunday Oneness School (for children 3 on up to 13) help us all discover our intuitive gifts, confidence of our holy self, to care for Mother Earth, and the value of respecting differences and to celebrating our love for each other.

The slogan which hangs in the front of our great room reads: "We Honor All Sacred Pathways!" Our ministry for our adults as well as our children focuses on non-judgment towards one another, forgiveness, connecting to our angels and guides, and honoring our beloved ancestors, and knowing that we are responsible for creating a new, beautiful, and kind Universe.

THE CHILDREN LOVE THEIR TEACHERS! WE WOULD LIKE TO THANK CONNIE HAUGEN, JODY SCHOLTZ, SHELLY SCHOLTZ AND JINELLE FRYKLUND.

CHILDREN'S ONENESS SCHOOL CURRICULUM:

March: Healing the Body

April: Native American Beliefs
- *General*

May: What Happens When
You Die?

If anyone would like to teach a class for the children or if you have an idea, we always welcome those suggestions.

As the saying goes, it takes a village to raise a child, it also takes a village to teach ONENESS Sunday School.

Please call Jody if you would like to volunteer to teach. The number to call is 507-386-1242

**Please note that we also have childcare for the younger children.*

FULL MOON GROUP

THE ENERGY FIELD OF THE FULL MOON GROUP

Tuesday, April 11, 7:00 a.m.
 Wednesday, May 10, 3:30 p.m.
 Friday, June 9, 7:00 a.m.

Held in the Great Room under the 144 Crystals.....

We are more than our physical bodies. We also have an energy body made up of our aura (energy fields) the chakras (energy centers) and the meridians (energy pathways).

Thanks to advances in evidence based scientific research, remote energy transmission is making a popular resurgence in the western world. Now the scientific community is paying attention to what so many of us have known for years.

How does transmission work when we do meditation together? The healers who come together link together with other healers around the world and all those groups link into the vibratory energy signature of Masters. We link into Peace, Love and Harmony and then all the groups transmit energy from this link, shifting blocks and running healing energy out into the world from the Divine.

Over the last few decades, studies involving subtle energy fields have been undertaken and published using sophisticated measuring tools and lenses to accurately measure subtle energy fields through imagery, vibration and harmonic resonance. While the actual mechanism for remote transmission continues to be the holy grail of energy research, ongoing research provides substantial evidence to support highly effective healing energy that does indeed make a difference in the world.

There are many, many transmission groups in 40 countries worldwide that have been meeting monthly to help serve humanity at this time. I have been dedicated to this type of meditation now for over 20 years. Those who join me and others are the committed souls that are dedicated to bring in the New Energy for the emerging New World. Humanity finds itself in the midst of a major shift in worldview. Such a shift involves a fundamentally new way of perceiving the world, the environment, each other, and ourselves. This type of meditation work and energy work helps shift the collective perceptions, beliefs, and actions concerning many areas of life: the environment, economics, religion, interpersonal relationships, personal identity, health and healing.

Transmission meditation is one way (and an easy way) of helping transform our government and governments worldwide. Consciousness is energy and is coming to be understood as the underlying foundation of reality out of which the entire cosmos arises.

I am inviting you to join me in this amazing meditation to help create peace on Earth! If you have any questions please feel free to call us at the temple of light!

GATHERINGS & OPPORTUNITIES

Relationship Group

*Third Thursday of every month
April 20, May 18, June 22
6:30-9:00 p.m.*

Romantic Partners

In my many decades of talking to people, I've found that some common traits run through all relationships. By no means have I ever been, or touted myself to be, above professional psychotherapists, rather, I like to feel that I'm more of a handmaiden to society. What I do know, and you'll hear me constantly hammering this point home, is that if spirituality isn't in your life, then every single one of your relationships can be a struggle.

You see, you need meaning in life. Many of us try identifying ourselves by the amount of money, possessions, business success, or power we have, and ultimately find that it leaves us empty. The simple formula is to "Love one another like I have LOVED you."

As far as romantic partnerships go, I've noticed that the ones that do make it have what I call "the pyramid effect." In other words, the two people involved adore one another because they give a great deal of value to spending time learning and respecting and communicating with each other.

Literature is full of all types of lovers, such as Dante and Beatrice, Abelard and Heloise, and Romeo and Juliet. Yes we can have a strong relationship even as we grow older where our breath is taken away and we hear the bells and whistles of passion because Pure love is pure and spiritual.

Life is a sacred adventure and if you are in a relationship and want to keep in moving and growing and blossoming you must nurture it. We come together to benefit and learn from each other. We come together to laugh and have fun. We come together to continue the romantic journey practicing how to stay connected so we can still have the bells and whistles of passion.

Please come and have fun with us. Everyone is invited to join us. You do not need to be married. If you have questions about this great group of couples, please call the center at (507) 386-1242 and we will do our best to answer your questions. This invitation is sent out to all types of couples.

Hope to see you this SPRING! LOVE IS IN THE AIR!
Blessings Always,
Rev. Hope

GATHERINGS & OPPORTUNITIES

WOW - 2nd Women of Wisdom Panel

Wednesday, April 5, 6:30 p.m. - 8:30 p.m.

In the company of women we can drop our different roles and embrace the collective of the "Divine Feminine" that is within us all. The level of communication and intimacy that occurs in this setting is extraordinary!

With this great heart's call to action during these times of upheaval, you are invited to join me at the Hope Interfaith Center for our second WOW panel where you will cultivate relationships with amazing women/people. We intend to have two more Women of Wisdom events after this one.

Millions of women and men are now taking action and coming together to learn from each other. Women and men are no longer willing to just stand by or to be silent in the face of adversity. As Patricia Cota Robles put it "Awakened people no longer feel helpless or hopeless. They realize that they are not just the victims of circumstances; they can be strong co-creators of their lives. They feel empowered and they KNOW that when they join with other people their ability to change the course of history is limitless!"

We are all seeing the evidence of this Truth. Women, men and children around the world are connected to social media and they are "tweeting" to engage in active change. We had a very successful WOW panel in February and we look forward to having another successful turnout. The topic of this panel is called "Go for IT!" Whatever your "IT" is (Perhaps IT is Personal Health, Being the Best You that you can be. Entrepreneurship, Finding your purpose, Being REAL and Proud of who you ARE, or and getting help along the way to the road of self-discovery and personal and planetary fulfillment).

Come and enrich your life with conversations that matter. Come and create a deeper connection with other women who are on the same journey as you. Come to learn what we can do and create and accomplish as a group of women who are passionate about creating a new and different world for our children, environment and our brother and sister from around the world who come to America.

The Powerful Women of the Panel will be:

Melanie Williams, Tezikiah Gabriel, Fardousa Jama, and Laura Turk

When you come into our great room where we hold meetings, classes and other events, you will see on our walls: "WE ARE ALL ONE." We believe this at the Hope Interfaith Center and we teach this at the Hope Interfaith Center.

Come and join us for an evening of which you will not forget!

Please call the center to reserve your spot at (507) 386-1242.

A suggested Love Donation of \$15.00 or more would be greatly appreciated!

 by listening to our BLOG TALK RADIO SHOW!

“The Pure Hope Show”

The last Tuesday of every month at 7:00 p.m.

Millions of listeners, thousands of shows, so which ones to listen to is the question? The Pure Hope Show chooses topics that coincide with the current affairs on the planet at this time. And as I prepare for inviting our guest on our podcast, I know that Spirit is leading me to the right people at the right time.

This is a unique and useful platform that we use at the Hope Interfaith Center to inform everyone how they can help change the world. Meditation and energy downloads as well as blessings are given by our quest on this wonderful programming. And although we wish to inform, we also help to override the intellect to move you into your heart!

We've got a new and more powerful microphone and our podcasting studio is my office and it's set up energetically to give out polished and professional and spiritual information and we (Jody, Tom and I) are building up a good following from across the nation, as well as around the world. We have listeners that phone in from New York, Florida, New Jersey, Ohio, California, Nevada, Arizona, Colorado and more. We have had people phone in to ask questions from Canada, Mexico, and Austria. We are all excited and more motivated than ever to bring you robust, helpful, intelligent and spiritual programs that can help you during this time upon the planet.

Our programs are always the last Tuesday of the month at 7:00 p.m. To access the Pure Hope Show, you can do a few things, go to this web address: www.blogtalkradio.com/janicehopegorman or call this number 213-559-2974 and press the number 1 if you have a question. The other option, which is something new with Blog Talk Radio, is to request a link via email, which will get you directly connected to the show. If you are interested in this option, please let Jody know and she will explain how this works and get you set up to receive the link a week prior to the show.

The Pure Hope Show is a wonderful way to connect with spiritual healers and teachers and authors of all types.

PLEIADIAN 3 DAY SEMINAR

MAY 19, 20 AND 21, 2017

Hello,

We as human beings are being given an amazing opportunity at this time! Each one of you will receive a new Blueprint birthing and integrating through you. This happening will allow a profound energetic change to take place within the physical systems of your body. This new Blueprint anchored through you will:

- Bring physical renewal within your cells, opening up a healing process within your physical body and create a rebalancing of your physical systems.
- Enable you to experience a natural realignment to the intuitive aspect to your Higher Self unfolding through you.
- Enhance your ability to channel the Light of Self through you to others.
- Re-establish your ability to access and align to your creation energy for manifestation.
- Seamlessly move you into a clarity and understanding of your own purpose here.

This new Blueprint birthing and integrating is what enables you to enter the Timeline space set up by the Pleiadians. You will learn to navigate through a Timeline, where you will retrieve energetic tools, knowledge and your Mastery light to support you now in your life.

Mother Mary and the Christ energy will work alongside the Pleiadians, the Galactic community and the Lemurians to support all of us in our next steps. I am so excited by the energies that will be present with us in this Seminar.

I look forward to sharing this pivotal next step with each one of you!

I can feel the energetic momentum building for this upcoming seminar. There is building of light opening up around the event and the Pleiadians are putting out a call to all of you who are destined to attend.

The Pleiadians are giving me a deeper insight into the energies of the new Blueprints that will be birthed through each person who comes. Revealing to me how your new Blueprint, which you will birth during the seminar, will align you back to an aspect of your original spiritual heritage. Showing how you will naturally be released by the illusion that is held on our earth plane through the

activation, anchoring and integration of your new Blueprint form.

This is exciting for me as I am being able to witness this pure form of energetic movement that will be possible for all of you to receive at the upcoming Seminar. Know that my role will be to hold the platform for your birthing process.

Love and blessings,
Christine
