### A Graceful Death Can Be in the Power of Your Choices

The quality and depth of our personal choices at the end of life has an impact on all the people around us whether they are family, friends, co-workers, or healthcare staff. This training is designed to support each of us in learning how to make even more powerful choices for the end of our lives based on our own unique heart's wisdom. The only power any individual truly has is the power of his or her own choice.
