ALL SACRED PATHWAYS HONORED

"Open Your Heart with the Emerald Green Order."

The promise, the freshness, the rebirth of Spring, calls us to wonder how we wish to re-emerge after our womb of Winter. With the influence of the emerald order comet, we may more deeply dwell in our heart spaces, while living on the earth.

This March at the Hope Interfaith Center join a community of Be-ings intent on opening their hearts to this Essence, and allowing Its guidance in daily life.

Tune in to the second Sunday Spiritual Service, channeled by Hope and via Zoom, "Shamrock Beauty Prevails," and explore this message further. Enjoy the Celtic harp music of Amy Kortuem. Attend, "Rebirth: an equinox spring celebration", and find yourself immersed in Yin yoga, guided meditation, and a deeksha Oneness blessing.

Schedule a session with one of our healers who specialize in yoga, guided meditation, sound healing, energy work, tarot, and spiritual counseling. Join many of the support groups that meet at HIC monthly. You are encouraged to open your heart in the emerald green energy of the HIC community.
