MANIFESTING MIRACLES!

A free weekly study group for dreamers

Led by Rev. Melissa Ketchum

To manifest is to bring an idea and/or desire from thought to the physical reality. Manifesting is using the power of the mind and energetic frequency of thought to invite things, people, jobs, love, etc. into your life. You are manifesting right now. You are constantly creating your reality with your thoughts, beliefs, and emotions.

Meet with us in the sanctuary at the Hope Interfaith Center every Monday from 6-7pm.

We plan to use the book “How to Manifest” by Laura Chung as our guide. ✨

Join us in learning how to tap into the art of deliberate creation! ✨

Please email MelissaAKetchum@gmail.com with any questions!

SUNDAY AFTERNOON CONSCIOUS CONCERT SERIES

Kaleb Braun-Schulz blends intentional lyrics, skillful finger style guitar playing, a warm voice, and a dry wit to put on a show that is bound to please!

Taking influence from both contemporary and classic musical artists, Kaleb strives to find a middle ground between well trodden musical territory and new horizons. His music deals with a wide array of subjects including self-reflection, spirituality, wandering, love, betrayal, escape, and his own struggles with mental health and coming of age as a person with Albinism.

In addition to being a frequent player at HIC services, you can find Kaleb traveling around MN, IA, and WI to play nice music for nice folks at all manner of establishments and events.

Some notable performances include main stage at the Rock Bend Folk Festival, the MN Original Music Festival, Golden Hour Concert Series, Festival Solstice, and the list goes on!

Kaleb is about to set out on the adventure of recording his third full length studio album which he hopes to release later in 2024 or early 2025.
